## CAREER COUNSELING & PLACEMENT CELL

Presents

# Why you should (not) pursue a RESEARCH CAREER

Mr. Ayan Ahmed

Ayan Ahmed, Founder, Isophote.

Ayan is an entrepreneur with a niche in Research and Development in STEM. He believes that large-scale advancements have never been more dependent on the combination of R&D and entrepreneurship, and this trend will most likely continue, leading to revolutionary technologies further leading to milestones for us as a species

### Topics to be covered –

- Personal experience as a student
- How career perceptions can change quickly
- Burnout and sellout in academia
- The opportunity cost of time
- Why you should pursue research
- How to be sure ahead of time about your career
- Research career resources
