

Vivekananda Study Centre

Zakir Husain Delhi College launched the 'Vivekananda Study Centre' on 12th February, 2024, to implement his positive thinking. The aim of this study centre is the all-round development of the youth and to lead them toward the positive side of seeing and understanding life and society. The centre works towards introducing the new generation to many personalities of the country who were marginalized in history for various reasons and to explain Indian values in the proper context by introducing them to our language, culture, and tradition. Two young talents – Mountaineer conqueror Ms. Meenu Kaliraman and Wrestler Sangram Singh – were invited as guests for the inauguration of this study centre. It was also announced that a 40-hour certificate course on 'Foundations of Machine Learning' will be launched in the college.
