

## **Electronics Society 2022-23**

### **Convenor: Dr Parvesh**

The Department of Electronics organized a five-day national workshop in a hybrid mode from November 01-05, 2022. The workshop featured a lecture on "Introduction to Python for Meta-Analysis of Data" by Prof. Shikha Mehta from the Department of Computer Science and Engineering. The session was followed by a rapid-fire round to familiarize students with the concept of Meta-analysis in Python Programming. Certificates of participation were awarded to the attendees, acknowledging their active engagement and learning. In collaboration with the Internal Quality Assurance Cell, the Department of Electronics also organized a lecture on "Magnetic Nanostructures and Nanodevices" on May 31, 2022. Prof. Bijoy Kumar Kuanr from the Special Centre for Nanoscience at Jawaharlal Nehru University delivered the lecture, providing valuable insights into this emerging field. Lastly, the students of the 1st and 2nd years organized a farewell event for the seniors (batch 2020-2023) filled with various activities. This heartfelt gesture created a memorable experience for every student and teacher from the Electronics Department, fostering a sense of unity and camaraderie.
