22nd March 2024

Hindi Sahitya Sabha: Arunoday

Tribals do not trade. A seminar on the topic "Tribal Literature: History and Tradition" was organized on 09 April 2024 by the Internal Quality Assurance Cell of 'Zakir Husain Delhi College' and Arunodaya: Hindi Sahitya Sabha. On this occasion, Prof. Snehlata Negi of the Hindi Department of Delhi University was present as the keynote speaker. The principal of the college, Prof. Narendra Singh welcomed Prof. Negi by presenting a plant to him. After that, Prof. Negi presented his lecture on the topic "Tribal Literature: History and Tradition". Professor Negi, while speaking, discussed the tribal history and tradition in detail and said that the tribals do not trade their land and conscience.

Discussing the meaning and idea of the term 'tribal' in sociology, politics, history and literature, Prof. Negi also mentioned the folk traditions, history and valorous tales of the tribal community. While presenting the concept of tribal literature, he also clarified the difference between oral and written forms. He substantiated his points by mentioning the writings of Rangeya Raghav, Maitreyi Pushpa, Ranendra and Veer Bharat Talwar. Giving a brief introduction about the movements of Birsa Munda, Adivasi Stri Vidroh etc. in oral traditions, he took his point further and said that the tribal society emerged in literature through social traditions.

Describing Ramdayal Munda's famous story 'Khargoshon Ka Kashta' as a symbol of tribal society, he interpreted it in a new context. He tried to explain the tribal sentiments by mentioning some works of contemporary tribal writers and also threw light on the tribal movement of 1787 and also told how tribal women also walk shoulder to shoulder with men.

Principal of Zakir Hussain Delhi College, Prof. Narendra Singh welcomed the keynote speaker and presented him with a planter. Senior teacher of Hindi department, Prof. Harendra Singh, Dr. Pawan Kumar and other teachers and students in the audience made the program more interacting with their queries. In the end, Dr. Neelam, convener of Arunodaya: Hindi Sahitya Sabha expressed her gratitude to everyone.

Hindi Diwas

14th September 2023

Hindi Sahitya Sabha: Arunoday

It is the first program in the academic session 2023-24 started on National Hindi Day i.e. 14 September 2023. At the beginning of the program, Dr. Neelam Kumari, the coordinator of Arunoday, warmly welcomed and greeted the Hindi literature loving participants from various colleges of Delhi University on behalf of the entire Hindi department. The principal of the college, Professor Narendra Singh, was present as the chief guest in the program and honored by a planter by Professor Harendra Singh, senior professor of the Hindi department. The principal encouraged the participants and sent hearty wishes and heartfelt congratulations to everyone on Hindi Day. As soon as the formalities of the program were completed, the first phase of the competition started at 10:30, in which the participants were given three topics to write essays, in which their originality-filled thoughts written on any one topic of choice were tested. In the next phase of the program, the self-composed poetry recitation competition started at 11:45, in which the participants recited self-composed poems on sensitive topics touching various aspects such as social, cultural, political, women and Dalit discourse.

In the jury, professors Dr. Sabir, Dr. Sajjan and Dr. Yogeshwar Tiwari played their roles carefully and successfully.

In the last phase of the program, senior professor Pawan of our Hindi department told the participants what should be the subject, craft and expressions of poetry in the modern era, so that they can express today's problems, challenges and possibilities, leaving behind the poetic conventions or traditional path, quoting the poetic lines of experimental poet Agyeya -

"These metaphors have become dirty, The gods have marched away from these symbols. Sometimes the varnish of utensils gets peeled off due to excessive rubbing", enlightened the people present by explaining the

changed subject, form and craft of poetry in the changed era. At the end of the program, the successful participants were rewarded and honored by the judges by giving them money and certificates. The results of the competition were as follows –

Essay Writing Competition -

1 Wasif Ali, First Place, Zakir Hussain Delhi College

2. Sameeksha Mishra, Second Place, Miranda House

3. Anjali Singh, Third Place, Maitreyi College

Self-composed poetry recitation competition -

1. Nisha, First Place, Kamala Nehru College

2. Siddharth Gautam, Second Place, Swami Shraddhanand College

3. Ashish, Third Place, Hansraj College

Also on 3rd November 2023, a newcomer ceremony was organized by the Hindi Department, in which the new students of session 2023-24 were warmly welcomed and greeted by the entire Hindi Department. The program was graced by the presence of Hindi Department in-charge Dr. Vijendra Singh Chauhan, Arunodaya: Hindi Sahitya Sabha convener Dr. Neelam Kumari, senior professor of the department Dr. Harendra Singh and other teachers of the department. Dance and music programs were presented by the students of first, second and third year. After the presentations, the names of Mr. Freshers and Miss Freshers were announced and they were felicitated.

Vaishvik Sandarbh Main Hindi (Seminar)

5th April 2024

Department of Hindi

Zakir Husain Delhi College's Official Language Implementation Committee and Hindi Department organized a seminar on Friday, 5 April 2024, in which NHPC General Manager (Retired) Dr. Rajbir Singh presented his speech on the topic "Hindi in Global Context" as the keynote speaker.

The program started in the seminar room after the arrival of the speaker at 10:30 am.

Devansh Pandey, President of Hindi Sahitya Sabha, Arunoday, introduced and welcomed the speaker and all the dignitaries present in the program. Senior Professor Harendra Singh of Hindi Department and Principal of the college Professor Narendra Singh honored the keynote speaker Dr. Rajbir Singh by presenting him a shawl and a Tulsi plant.

Thereafter, Richa, the reading group in-charge of Arunoday: Hindi Sahitya Sabha, invited the keynote speaker on the stage to express his views. The honourable keynote speaker arrived. As the keynote speaker, Dr. Rajbir Singh told everyone about the history behind making Hindi the official language and the linguistic struggle that is still going on. After that, he told how the dominance of Hindi has increased in Arab countries, Surinam, Mauritius, Trinidad etc. whereas Indians seem to be getting disillusioned with Hindi and further he told that pro

made for Hindi language in Articles 343 to 351 of the Constitution in which the national language of the Union, Hindi and Devanagari script have been accepted and he told that Dakshin Bharat Hindi Prachar Sabha was declared as an 'institution of national importance' by an Act of Parliament in 1964. Under Rule 10 (4) of the Official Language Rules 1976, it has been notified that more than 80 percent of the employees of the Employees State Insurance Corporation have working knowledge of Hindi. In the end, the honorable keynote speaker talked to the students about exploring various possibilities to earn a livelihood in the field of official language Hindi and concluded his talk by discussing the interrelationship between language and culture.

At the end of the program, senior professor of Hindi department, Mr. Harendra Singh expressed his gratitude to Dr. Rajbir Singh and everyone for their possible cooperation and contribution in making the program successful.

Dr. Rajbir Singh, invited speaker delivering a lecture titled “Hindi in Global context”.

Departmental Lecture on "Dalit Literature in Urdu"

30th October 2023

Department of Urdu

A departmental lecture titled "Dalit Literature in Urdu" was organized under the auspices of Bazm Adab, Department of Urdu, Zakir Hussain Delhi College. Dr. Mithun Kumar, Department of Urdu, University of Delhi attended the lecture as an orator. The program was presided over by Dr. Alam Shams, Teacher-in-Charge, Department of Urdu and Dr. Hriday Bhanu Pratap, President, Bazm Adab.

First of all, Dr. Hriday Bhanu Pratap, while introducing Dr. Mithun Kumar, unveiled the aspect that Mithun Kumar sir's distinction and specialty is that he has a strong grip on Dalit literature. He has done his Ph.D research work in the field of Dalit literature. After this, Dr. Alam Shams welcomed Mithun Kumar with a bouquet. At the same time, Dr. Muhammad Moinuddin presented a bouquet to Dr. Alam Shams, Teacher-in-Charge, Department of Urdu and felicitated him.

Dr. Mithun Kumar, in his sermon, tried to link the theme to the time when the Aryans arrived in India and competed with the dalit community, the original inhabitants of the country. Later, one after another, other nations came and later the arrival of Muslims started. All these nations had a profound impact on Dalit society, but there was no difference in the social and economic conditions of Dalits. Yes, but the attitude and behaviour of The Muslims certainly served as a wound to the Dalits. Despite all this,

there was no significant change in the life of the Dalit community and they could not get the rightful place they should have got. Further, Dr. Mithun Kumar highlighted his position and said that Urdu literature was not written according to what should have been written about Dalits. Also, the manner in which dalit issues, hardships and exploitation should have been presented was not advocated. They are not represented anywhere in classical literature, be it narrative or mythology. Later, when fiction and novels came into existence, the conditions and problems of Dalits were also given space. In particular, he also highlighted the scale, themes and principles of Dalit literature.

In his presidential address, Dr. Alam Shams, Teacher-in-Charge, Department of Urdu stressed on equality and said that racial discrimination was not the fault of religion, but it was the result of the mentality of the people in power and this system continued for centuries. And said that this lecture will definitely open new avenues of thinking for the students. He then thanked all the guests. On this occasion, colleagues Dr. Muhammad Moinuddin, Dr. Shahana Maryam, Dr. Muhammad Mustmir and Dr. Imran Chaudhry (from the Department of Persian) were also present.

ذاکر حسین دہلی کالج مارننگ میں ڈپارٹمنٹل لیکچر کا انعقاد

نسلی تفریق میں مذہب کا تصور نہیں بلکہ یہ برسرِ اقدار لوگوں کی ذہنیت کا نتیجہ بہت اور صدیوں تک یہ نظام جاری رہا: ڈاکٹر اعظم شمس محمد تسلیم

دلتوں کے حالات و مسائل کو بھی جگہ دی جانے لگی۔ پانچویں انھوں نے دلت ادب کے بیانیے، موضوعات اور اصولوں پر بھی روشنی ڈالی۔ صدر شعبہ اردو ڈاکٹر اعظم شمس نے اپنے صدارتی خطبے میں مساوات پر زور دیتے ہوئے کہا کہ نسلی تفریق میں مذہب کا تصور نہیں بلکہ یہ برسرِ اقدار لوگوں کی ذہنیت کا نتیجہ تھا اور صدیوں تک یہ نظام جاری رہا۔

تاہم اس لیکچر سے یقیناً طلبہ کے لیے غور و فکر کے نئے در پتے کھولیں گے۔ پروگرام کے آخر میں ڈیپارٹمنٹ کے ذریعہ تمام مہمانوں کا شکریہ ادا کیا۔ اس موقع پر شعبہ کے سینئر استاذ پروفیسر جعفر اجازری، ڈاکٹر محمد معین الدین، ڈاکٹر شاہد مریم، ڈاکٹر محمد ستر اور شعبہ فارسی سے ڈاکٹر عمران چوہدری بھی موجود رہے۔ دہلی یونیورسٹی سے تشریف لائے، بی۔ ایچ۔ ڈی اسکالر محمد معاذ، عمران احمد، شاداب، مانو، محمد رضا اور کالج سے وابستہ آئرس اور پروگرام کے طلبہ نے کثیر تعداد میں شرکت کی۔

اپنے موقف پر روشنی ڈالنے ہوئے کہا کہ اردو ادب میں دلتوں کے تعلق سے جو لکھا جاتا ہے وہ اس اعتبار سے نہیں لکھا گیا۔ تیز جس نوعیت سے دلتوں کے مسائل، مشکلات اور استحصال کو پیش کیا جاتا ہے اسے تھامنا کی حکمت نہیں کی گئی۔ کلایکی ادب میں خواہ وہ وہاں ہو یا مغربی کہیں بھی ان کی نمائندگی نہیں ملتی۔ بعد کے دور میں جب انسانے اور ناول وجود میں آئے تب

ہوا۔ ان تمام قوموں نے دلت سماج پر گہرے اثرات مرتب کیے مگر دلتوں کی سماجی اور معاشی حالات میں کوئی فرق نہیں آیا۔ ہاں مگر مسلمانوں کے رویوں اور برتاؤ نے ضرور دلتوں کے لئے رتھوں پر بچوسے کا کام کیا۔ باوجود ان سب کے دلت سماج کی زندگی میں کوئی خاص تبدیلی نہیں آئی اور جو مناسب مقام انہیں ملنا چاہیے تھا نہیں مل سکا۔ مزید ڈاکٹر شمس نے

معین الدین نے صدر شعبہ اردو ڈاکٹر اعظم شمس کو گلدرست پیش کر کے ان کی عزت افزائی کی۔ ڈاکٹر شمس نے اپنے خطبے میں موضوع کے ڈائمنڈ سے اس زمانے سے ملانے کی کوشش کی جب ہندوستان میں آریوں کی آمد ہوئی اور ان کا مقابلہ یہاں کے اہل ہند سے دلت سماج سے ہوا۔ بعد ازاں پورے دوسری قوس آئیں اور بعد میں مسلمانوں کی آمد کا سلسلہ شروع

نئی دہلی: 30 اکتوبر (سیاسی تقدیر نیوز) بزم ادب شعبہ اردو ذاکر حسین دہلی کالج مارننگ کے زیرِ اہتمام ڈپارٹمنٹل لیکچر بعنوان "آ" میں بدوش دلت ادب کا افتتاح کیا گیا۔ اس لیکچر میں بطور خطیب دہلی یونیورسٹی کے شعبہ اردو سے وابستہ ڈاکٹر شمس نے شرکت کی۔ جبکہ پروگرام کی صدارت صدر شعبہ اردو ڈاکٹر اعظم شمس نے کی اور نظامت کے فرائض بزم ادب کے صدر ڈاکٹر ہر دے بھانو پر تاپ نے نبھائیے انجام دیے۔ اس موقع پر ڈاکٹر ہر دے بھانو پر تاپ نے ڈاکٹر شمس کو مبارکباد کا بھرپور تعارف کراتے ہوئے اس پہلو سے تاپ کشائی کی کہ محض مبارکباد اہتمام اور شخص سے ہے کہ ان کی دلت ادب پر مشورہ گرفت ہے۔ انھوں نے دلت ادب کے حوالے سے اب تک کیے آئی، تحقیقی اور تحقیقی کارنامے انجام دیے ہیں۔ بعد ازاں ڈاکٹر اعظم شمس نے تھیں مبارکباد گلدرست دے کر شعبہ میں استقبال کیا۔ اسی کے ساتھ ڈاکٹر محمد

Motivational Lecture on “Viksit Bharat 2047”

27th February 2024

Department of Urdu

Keeping in view the vision of "Viksit Bharat 2047" (Developed India 2047), a motivational lecture was organized for the students of Zakir Husain Delhi College (Morning) in association with the IQAC unit. The keynote speaker was renowned motivational speaker Sharad Mani Thakur, who is preparing the country's youth for a significant role in the nation's development through his dedicated efforts. The topic of the lecture was "Preparation for Competitive Exams," where students received valuable guidance and practical advice to help them excel. The program commenced with Dr. Mohammad Alam, Head of the department of Urdu by welcoming the guest speaker with a bouquet of flowers.

Sharad Mani Thakur, in his address, shared essential insights into how students can effectively prepare for competitive exams, underscoring the value of time management, hard work, and honesty. He stated that students should concentrate on these qualities for long-term success. He also provided examples from various fields to inspire the students to keep their focus sharp and their goals clear.

Thakur stressed the importance of maintaining a balance between studies and personal life, and mentioned that students should remain mindful of their health during preparation periods. Additionally, he suggested that students follow a disciplined routine, adopt a simple lifestyle, and

continuously improve their personal qualities along with their academic knowledge.

Highlighting important study materials, he explained the significance of thorough study habits and said that to succeed in competitive exams, students must dedicate at least two years of focused preparation. He advised that students should not become distracted and should keep their future ambitions in mind while dedicating themselves fully to their studies. He provided practical advice on managing stress and maintaining a positive mindset, emphasizing consistency, patience, and self-discipline.

The event concluded with a vote of thanks by Dr. Hriday Bhanu Pratap who appreciated the guest speaker's motivational words and thanked all the attendees, including the faculty members and students, for making the event successful.

Lecture “Urdu Fiction Art and Techniques”

11th March 2024

Department of Urdu

A special lecture was organized by The Department of Urdu, Zakir Hussain Delhi College, which was attended by renowned fiction writer Dr. Zakir Faizi. The theme of the lecture was Urdu fiction, art and techniques.

At the beginning of the program, Prof. Jafar Ahrari presented a gift to the guest. The programme was inaugurated and welcomed by Dr. Hriday Bhanu Pratap, President, Bazm-e-Adab, and presented the first introduction of the guest speaker.

Dr. Zakir Faizi, the guest speaker, gave a very informative discussion on the art and techniques of Urdu fiction. And said in his lecture that the world's greatest story creator is God who created this world. The first story in this world is Lullaby. God created man for some purpose. The guest speaker said that a creator forms the fabric of the story from the environment around him. For a good creation, study, observation and imagination are the most important, along with these three things, a good creator should focus on the subject, a masterpiece creation comes into being only on the condition of hard work and honesty. He said that any story arises from the combination of the reality of human life and romance. In today's time, all the films, web series, Netflix we see, all these stories are centered on our society and its creator is the writer. The guest

Darshan Utsav: Symposium of Philosophia

1st -2nd May 2024

Monist Society, Department of Philosophy

The Monist Society, Department of Philosophy, Zakir Husain Delhi College, under the aegis of the Internal Quality Assurance Cell (IQAC), successfully organized “Darshan Utsav: Symposium of Philosophia” on May 1st and 2nd. This annual fest celebrated the essence of philosophical inquiry, aiming to ignite intellect and creativity among participants.

Event Overview:

The two-day event featured a series of thought-provoking speaker sessions, engaging competitions, and discussions, providing a platform for students, faculty, and enthusiasts to explore and express their philosophical perspectives.

Key Highlights:

Renowned experts and scholars delivered insightful lectures on diverse philosophical topics, stimulating critical thinking and debate.

The second day witnessed an array of competitions that allowed participants to showcase their creativity and critical thinking skills. Events included essay writing, poetry, slogan writing, poster making, debate, and photography, all centered around philosophical themes. The topics encouraged participants to think critically about values, existentialism, technology, privacy, AI, absurdism, and perspectivism.

Interactive sessions and discussions facilitated the exchange of ideas and fostered a sense of community among philosophy enthusiasts.

Objectives:

To promote philosophical inquiry and critical thinking among students and faculty.

To provide a platform for the exchange of ideas and perspectives on various philosophical topics.

To encourage intellectual curiosity and creativity.

Outcome:

“Darshan Utsav: Symposium of Philosophia” was a resounding success, achieving its objectives and setting a benchmark for future events. The fest: Ignited intellect and creativity among participants, inspiring a deeper understanding of philosophical concepts.

-Fostered a sense of community among philosophy enthusiasts, promoting collaboration and knowledge sharing.

- Established Zakir Husain Delhi College as a hub for philosophical inquiry and discussion.

Conclusion:

Darshan Utsav proved to be a resounding success, providing a platform for philosophical inquiry, creativity, and intellectual exploration. The Monist Society and Zakir Husain Delhi College deserve accolades for organizing an enriching experience that will have a lasting impact on the participants. The event demonstrated the power of philosophical thinking in shaping our understanding of the world and ourselves.

Talk on "Why choose non-violence?" by Dr. Suman Khanna Aggarwal

On May 1st, 2024, Dr. Suman Khanna Aggarwal, a renowned Gandhian activist and Founder-President of Shanti Sahyog, New Delhi, delivered a thought-provoking talk on "Why choose non-violence?" at (venue] The session was attended by a diverse audience, who were deeply inspired by her insightful presentation.

Dr Aggarwal's talk centered around the principles of non-violence and its relevance in today's world. She emphasized the importance of adopting non-violent methods to resolve conflicts and bring about positive change

Through engaging anecdotes and real-life examples, she illustrated the power of non-violence in transforming individuals and society.

The session sparked a stimulating discussion, with the audience actively engaging with Dr. Aggarwal's ideas. Participants shared their perspectives, asked thought-provoking questions, and explored ways to apply non-violent principles in their personal and professional lives.

Key takeaways from the talk included:

- Non-violence is a powerful tool for creating lasting change.
- Compassion, empathy, and understanding are essential components of non-violent conflict resolution.
- Individual actions can collectively contribute to a more harmonious and peaceful society.

The talk was followed by a second session, which continued the discussion on non-violence and its applications. The audience remained engaged, sharing their experiences and insights, and exploring ways to promote non-violence in their communities.

Overall, Dr. Suman Khanna Aggarwal's talk on "Why choose non-violence?" was a resounding success, inspiring the audience to embrace non-violent principles and work towards creating a more peaceful world.

Lecture Activity: Buddha's Mahākarunā for Cosmic Wellness

12th April 2024

Department of Philosophy

On April 12, 2024, the Department of Philosophy at Zakir Husain Delhi College, affiliated with the University of Delhi, organized an enlightening talk titled "Buddha's Mahākarunā for Cosmic Wellness." The event took place from 8:00 AM to 12:00 PM in the college's Audio-Visual Room.

The talk focused on the concept of Mahakarunā, or Great Compassion, as expounded by the Buddha, and its relevance to the holistic well-being of the cosmos. The speaker elaborated on how the Buddha's teachings of compassion extend beyond individual suffering to encompass the well-being of all sentient beings and the environment. The session provided insightful perspectives on integrating these ancient principles into contemporary life to foster harmony and balance in a rapidly changing world.

Students and faculty members from various departments attended the talk, making it an engaging and interactive session. The event was a significant success, highlighting the timeless relevance of Buddhist philosophy in addressing modern challenges related to well-being and environmental sustainability.

Movie “Ship of Theseus” Screening

12th April 2024

Department of Philosophy

The Monist Society organized a movie screening and discussion of the critically acclaimed film “Ship of Theseus” Directed by Anand Gandhi on March 11, 2024 in A.V. Room. The event aimed to bring together like-minded individuals to explore the philosophical themes and ideas presented in the movie. The event began with opening remarks by Dr. Renu, who introduced the film and highlighted its relevance to the philosophical discourse. The film was screened to a engaged audience of 70 attendees. The movie’s thought-provoking themes and storyline sparked interesting discussions and debates among the viewers.

Post-Screening Discussion:

A facilitated discussion followed the screening, where attendees shared their thoughts and insights on the movie’s exploration of identity, morality, and the human condition. The conversation touched on various aspects, including the nature of self, the ethics of organ donation, and the consequences of playing God.

Conclusion:

The movie screening event was a resounding success, with attendees appreciating the opportunity to engage with the film’s philosophical themes. The Monist Society plans to organize more such events in the future, providing a platform for individuals to explore and discuss meaningful ideas and concepts.

Talk on Neurodiversity Paradigm by Dr. Itisha Nagar

15th April 2024

Department of Psychology

The Department of Psychology hosted a seminar titled 'Different not Lesser: Understanding the Neurodiversity Paradigm' by Dr. Itisha Nagar, a psychologist and an educator, on April 15th, 2024, which was a student-led event, facilitated by the Psychology Society, 'Psychedelics', under the aegis of IQAC and Viksit Bharat Abhiyan@2047. It demonstrated the dedication of the department for spreading awareness amongst students across different courses of the college, developing a sense of fraternity in the society, and de-stigmatizing the perceptions about the neurodivergent population.

Mental Health Awareness Drive: Know Your Self

15th March 2024

Department of Psychology

The Department of Psychology organized a one-day Mental Health Drive for all the students of Zakir Husain Delhi College (Morning), on the 15th of March, 2024. This student-led event, facilitated by the Psychology Society, 'Psychedelics' under the aegis of IQAC and Vikasit Bharat Abhiyan@2047, demonstrates the department's commitment to fostering a healthier society, which believes in taking preventive measures and participating willingly in screening camps and seek professional help, if needed.

Students from all the courses were encouraged to come ahead and participate in this event. With the tagline, '*Know Yourself*', the participants were given the choice to opt for any two tests from an array of 7 different psychometric tests — namely, Beck Depression Inventory (BDI), Beck Anxiety Inventory (BAI), UCLA Loneliness Scale, General Health Questionnaire (GHQ), Alcohol Use Disorders Identification Test (AUDIT), Ten Item Personality Inventory (TIPI), and Trait Emotional Intelligence Question Short Form (TEIQue SF).

The event witnessed a turnover of more than 140 students. A total of 217 copies of different psychometric tests were administered.

The event, while up-keeping the ethics of psychological testing, provided the opportunity for all the students to get to know about themselves. The interested students were briefed about the test:

informed decisions, they were provided with an Informed Consent form. They were assessed using scientifically developed, reliable and valid psychometric tools, in comfortable environmental conditions. Once they were done filling in their respective responses, they were debriefed about the test. Their responses were then scored, interpreted and informed to them via mail while maintaining confidentiality. In cases with alarming results during this screening drive, they were advised to consider seeking professional help.

Ghaziuddin Khan Lecture-9

12th December 2023

Department of Arabic

The lecture was held on 12 December, 2023, 10:30 am (Tuesday), in the seminar room of the College, under the aegis of IQAC. Prof. (Dr.) S. Hasnain Akhtar, the Head of the Department of Arabic, University of Delhi graced the occasion as the guest speaker. He delivered his lecture on the topic: "*Dilli College Ke Chand Naamwar Asaatiza*" (Some eminent teachers of Delhi College). The principal of the college Prof. Narendra Singh presided over the programme.

Dementia India Alliance (DIA) Seminar

7th March 2024

Department of Psychology

The Department of Psychology at Zakir Husain Delhi College (ZHDC) collaborated with the Dementia India Alliance (DIA) to organize a seminar titled "Dementia: The Care of the Elderly and the Society" on March 7th, 2023. This student-led event, facilitated by the Psychology Society, 'Psychedelics' under the aegis of IQAC and Viksit Bharat Abhiyan @ 2047, demonstrates the department's commitment to fostering student engagement and social responsibility in tackling critical societal issues.

Dementia, a major neurocognitive disorder under medical diagnosis, is an umbrella term for various disorders like Alzheimer's disease, Parkinson's disease, Frontotemporal lobar degeneration, and Huntington's disease. It is a slow-progressing disease that may potentially be delayed or prevented with timely care and intervention.

Mrs. Renu Sachdeva, a psychotherapist and co-founder of DIA, was the guest of honor who addressed over 95 students from various courses and semesters. The following was discussed in the session:

- Understanding what dementia is and its nature along with the different techniques that can be employed from a young age to ensure active aging.
- The psycho-social consequences of suffering from dementia.
- Fostering compassion and patient caregiving towards elderly, especially the ones suffering from dementia.
- The students were briefed about volunteering opportunities

The session was interactive, fostering discussion by allowing students to ask questions, share their thoughts, and gain valuable insights. It provided students a valuable platform to not just understand and learn about caregiving and dementia but also opened doors for exploring careers in related fields. All students were provided with E-certificates for their participation.

Felicitation of the speaker, Mrs Renu Sachdeva (left), Speaker delivering & addressing the participants.

Academic Lecture

15th December 2023

Department of Persian

The Persian Society of the Department of Persian at Zakir Husain Delhi College (Morning), University of Delhi, is organizing an academic lecture under the aegis of the Internal Quality Assurance Cell (IQAC). The event will explore the rich linguistic heritage fostered by Zakir Husain College, particularly focusing on Arabic, Persian, and Urdu languages.

Event Overview:

The academic lecture is titled “Zakir Husain Delhi College, A Centre of Oriental Languages Especially Arabic, Persian, and Urdu”. This topic highlights the significant role the college plays as a hub for oriental language studies, with special emphasis on its contributions to the study and preservation of these languages.

The speaker for this session is Prof. Chander Shekhar, a distinguished academic with an extensive background in Persian studies. Prof. Shekhar is the Chairperson of International Relations and Former Head of the Department of Persian at the University of Delhi. He has also served as Former Chairman of the Governing Body of Zakir Husain Delhi College, bringing invaluable expertise and knowledge to the topic of the lecture. His deep understanding of the oriental languages and their relevance in contemporary academia will provide rich insights to the audience.

Coordinators and Patrons:

प्राचार्य/Principal
जाकिर हुसैन दिल्ली महाविद्यालय
Zakir Husain Delhi College
दिल्ली विश्वविद्यालय/University of Delhi
नई दिल्ली-११०००२/New Delhi-110002

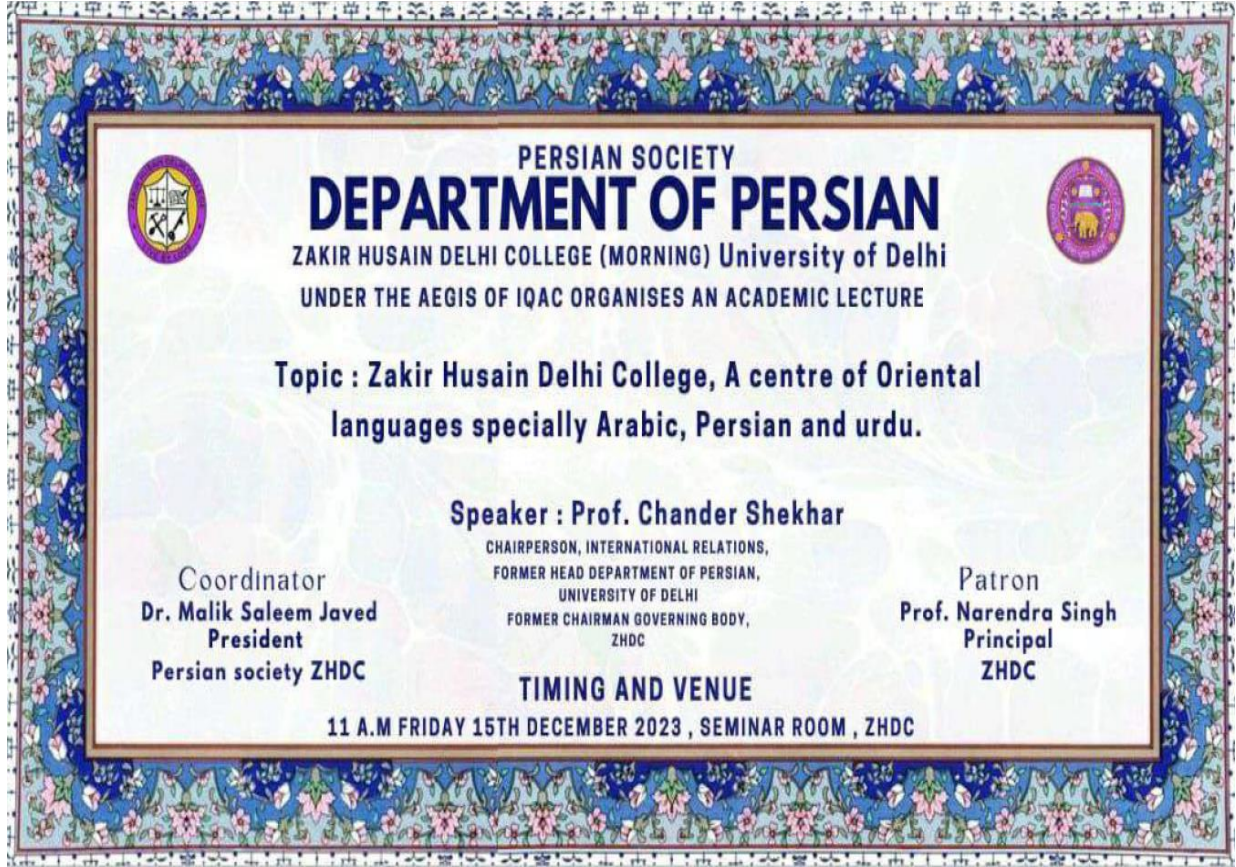

The lecture is coordinated by Dr. Malik Saleem Javed, who is the President of the Persian Society at Zakir Husain Delhi College. Dr. Javed's efforts in promoting Persian language and literature through the Persian Society have been significant in enhancing the learning environment for students interested in oriental studies. The patron for the event is Prof. Narendra Singh, the Principal, whose support underlines the importance of such academic initiatives in the college's mission to foster linguistic and cultural scholarship.

Conclusion:

The lecture promises to be a significant event for students and scholars with an interest in oriental languages, particularly Arabic, Persian, and Urdu. It is a valuable opportunity for attendees to deepen their understanding of the contributions of Zakir Husain Delhi College in promoting these languages and to engage with a renowned expert in the field. This academic initiative is a reflection of the college's commitment to fostering an environment of learning and cultural appreciation, further cementing its role as a leading institution for oriental studies in India.

Academic lecture: Modern Persian Literature

15th December 2023

Department of Persian

An academic lecture was organized by the Persian Society of the Department of Persian at Zakir Husain Delhi College (Morning), University of Delhi. The event is held under the auspices of IQAC (Internal Quality Assurance Cell) and the Viksit Bharat @ 2047 initiative, which suggests a broader educational and cultural focus aligning with national development goals.

Topic: Modern Persian Literature

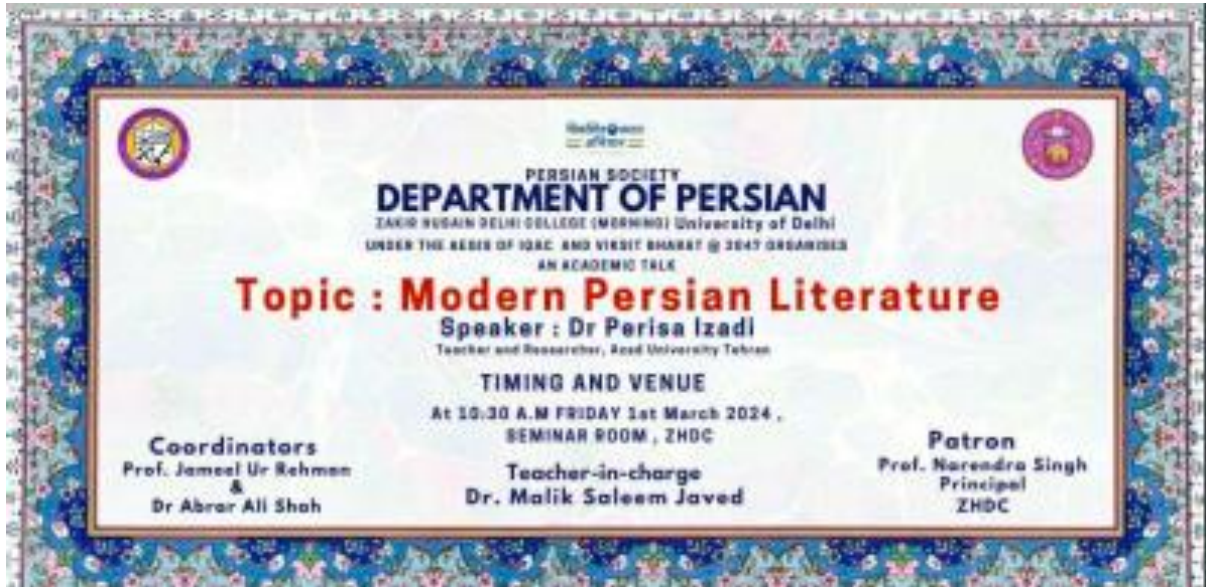

Speaker: Dr. Perisa Izadi, a Teacher and Researcher from Azad University, Tehran. This indicates an international dimension to the event, featuring a prominent scholar in Persian studies, contributing to a rich academic exchange.

Prof. Jameel Ur Rehman and Dr. Abrar Ali Shah are responsible for the coordination of this event. Their involvement reflects the active engagement of faculty members in fostering academic dialogue within the field of Persian studies. Dr. Malik Saleem Javed is the teacher-in-charge of the department, overseeing the event. Patron: Prof. Narendra Singh, the Principal of ZHDC, acts as the patron for the event, signifying institutional backing and the importance of the academic discussion.

Academic lecture: Literary Legends

15th December 2023

Department of Persian

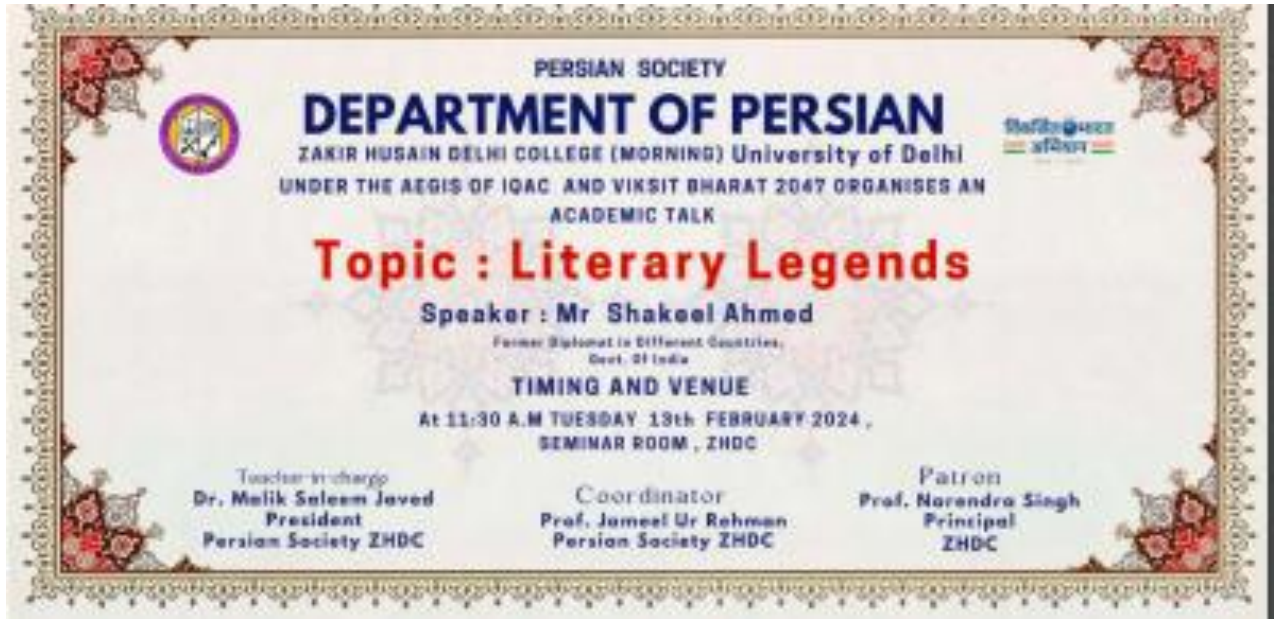

The Persian Society of the Department of Persian at Zakir Husain Delhi College (Morning), University of Delhi, is organizing an academic lecture under the aegis of the Internal Quality Assurance Cell (IQAC) and Viksit Bharat @2047. The event will explore the rich heritage fostered by Zakir Husain College, particularly focusing literary figures within the Persian tradition

The talk on "Literary Legends" is likely to delve into the lives and contributions of significant literary figures within the Persian tradition, offering attendees valuable insights into both classical and modern Persian literature. The involvement of Mr. Shakeel Ahmed, with his extensive diplomatic experience, hints at a broader conversation that may extend beyond purely literary analysis to consider the impact of these legends in international and intercultural contexts.

This event serves as an important platform for students, faculty, and enthusiasts of Persian literature to deepen their understanding of the historical and cultural context of Persian literary giants, while also fostering dialogue on the relevance of Persian literature in contemporary global affairs.

REPORTS OF 2022-23

Health Awareness cum Screening Camp

21st February 2023

Under the aegis of IQAC and DBT Star College Scheme, Zakir Husain Delhi College

On 21st February 2023, a seminar was held at Salman Ghani Hashmi Auditorium, Zakir Husain Delhi College, highlighting the significance of awareness, timely screening, and counseling in reducing the burden of genetic and chronic diseases. Experts emphasized that early detection through screening allows for better management of conditions like diabetes, hypertension, and inherited disorders. Raising public awareness empowers individuals to adopt healthier lifestyles, while genetic and psychological counselling provides essential guidance for disease prevention and coping mechanisms. The event underscored the need for integrated healthcare strategies to tackle the rising incidence of these diseases and improve Public health outcomes.

Event Summary:

The seminar highlighted practical solutions to tackle genetic and chronic diseases and engaged healthcare professionals and the public in conversations about prevention strategies. The focus on awareness, screening, and counseling reflects an urgent need for comprehensive healthcare interventions to reduce the burden of these diseases on individuals and society.

Conclusion:

The seminar held at **Zakir Husain Delhi College** underscored the significant role that **awareness, timely screening, and counseling** play in reducing the prevalence and burden of genetic and chronic diseases. Empowering communities with knowledge about

ensuring early detection through regular screening, and providing appropriate counseling are proven strategies to combat the growing public health challenge posed by these diseases.

The key message from the event was clear: an integrated approach involving education, healthcare, and community support can make a substantial difference in reducing the incidence and severity of these conditions. Health organizations, government bodies, and educational institutions need to collaborate to ensure these strategies are implemented effectively at all levels of society.

13th October 2022

Department of Zoology

On 13th October 2022, the Department of Zoology at Zakir Husain Delhi College, under the aegis of IQAC, organized an invited lecture and hands-on session titled "Anti-microbial Resistance" at Lab 1, Department of Zoology. The event, led by Dr. Anupma Harshal, a renowned *Superheroes Against Superbugs Fellow*, focused on educating students about the growing concern of anti-microbial resistance and its transmission. Dr. Harshal explained the importance of understanding the interaction between humans and microbes, distinguishing between pathogenic and non-pathogenic bacteria, and the threats posed by drug-resistant strains.

The session also featured a hands-on Foldscope activity, engaging students in visualizing microbial flora from their surroundings. This practical experience enabled them to grasp the impact of microbes on human health and the environment. Prof. Narendra Singh, Principal of ZHDC, and coordinators Dr. Sneh Sagar and Dr. Md. Arafat Hussain facilitated the event, providing students with critical insights into combating microbial resistance.

Lecture on “Shaping of immune system”

9th September 2022

Department of Zoology

An inaugural lecture on “Shaping of immune system” was organized on **9th September 2022** by Department of zoology, Zakir Husain Delhi College. The gathering of students and zoology faculty members was addressed by professor Shibnath Mazumder; proctor and Dean of South Asian University, Delhi. The lecture was delivered at around 10 am in AV room of the science block and was attended by students of B.Sc. life sciences and B.Sc. zoology(H). The esteemed speaker was welcomed by Dr. Ilmas Naqvi of Zoology department by presenting a floral bouquet as a token of gratitude for sparing his precious time to address the students on such an important topic. The event began with the lighting of lamp followed by the worship of the Maa Saraswati, Goddess of knowledge.

The discussions yielded a huge range of ideas and suggestions about invasive Organisms which evade the immune system and thus cause detrimental effects to the body. The lecture also focussed on the negative effects of immune responses that in turn leads to the development of hypersensitivity reactions and autoimmune disorders. The speaker made the students familiar as to how antibodies and their roles were identified during the early days by various studies as well as about the milestone discovery by César Milstein (also known as father of antibodies) who received the Noble prize, for theories concerning the specificity in

development and control of the immune system and the discovery of the principle for production of monoclonal antibodies.

The lecture was followed by Question/Answer session in which the students took part enthusiastically asking Prof. Shibnath Mazumder about their various queries regarding his lecture as well as about the development of this evasive mechanism in various microorganisms and the future challenges for combating this evasion through medical researches.

Seminar “Pollution & Human Health: Current Understanding & Future Directions”

24th January 2023

Department of Zoology

The Department of Zoology, Zakir Husain Delhi College (University of Delhi), organized a “one-day seminar-cum-interactive session” on “Pollution & Human Health: Current Understanding & Future Directions.” The event, held on 24th January 2023 in the AV Room (Science Block), aimed to discuss the intersection of pollution and its impact on human health.

The seminar featured esteemed speakers, including Prof. Vandana Mishra from the Department of Environmental Studies, Dr. Vijay Hadda, an Additional Professor at AIIMS, New Delhi, specializing in Pulmonary Medicine, and ‘Dr. Suniti Yadav’, Assistant Professor of Anthropology at the University of Delhi.

The seminar was coordinated by Dr. Md. Arafat Hussain and Dr. Sneha Sagar from the Department of Zoology. It was organized under the leadership of Prof. Narendra Singh, Principal of Zakir Husain Delhi College, and Dr. Ragesh P.R., TIC, Department of Zoology. The event aimed to provide a comprehensive understanding of how pollution affects human health and future research directions.

Workshop “Understanding the Technique of Histology”

15th to 24th September 2022

Department of Zoology

The Department of Zoology at Zakir Husain Delhi College (University of Delhi), under the aegis of the DBT-Star College Scheme and IQAC, organized a workshop titled "Understanding the Technique of Histology". The workshop was conducted from 15th to 24th September 2022, specifically for the BSc (Hons) Zoology 3rd-year students.

This educational initiative was aimed at enhancing the students' understanding of histological techniques, a crucial aspect of biological sciences, particularly for future research and practical applications in zoology and related fields.

The workshop was organized under the leadership of Prof. Narendra Singh, Principal of Zakir Husain Delhi College, with Dr. Sunil Kumar serving as the co-coordinator under the DBT-Star College Scheme. Dr. Ragesh P.R., the Teacher-in-Charge of the Department of Zoology, played a key role in facilitating the event.

This hands-on workshop provided the students with practical knowledge, equipping them with essential skills for their academic and professional development in zoological studies.

“Ghaziuddin Khan Lecture 8” on “Shamsul Ulama Deputy Nazeer Ahmad: Delhi College’s Most Eminent Arabic Poet & Writer,”

11th January 2023

Department of Arabic

Department of Arabic organised "Ghaziuddin Khan Lecture 8" organized by the at Zakir Husain Delhi College, University of Delhi. The lecture, titled "Shamsul Ulama Deputy Nazeer Ahmad: Delhi College’s Most Eminent Arabic Poet & Writer," is set to be delivered by Professor Dr. Shams Kamal Anjum, the Head of the Department of Arabic at Baba Ghulam Badshah University, Rajouri. He said that Deputy Nazeer Ahmad was a distinguished Arabic poet, writer, and scholar from Delhi College. Renowned for his literary prowess, he contributed significantly to Urdu literature. His works often addressed social reforms, advocating for education, especially for women. His most famous novels, "Mirat-ul-Uroos" and "Taubat-un-Nasuh," highlighted moral and educational themes. As an Arabic scholar and translator, Nazeer Ahmad bridged Eastern and Western knowledge, leaving a lasting legacy in Urdu literature and educational reform.

Professor Narendra Singh, the principal of Zakir Husain Delhi College, will preside over the event. The coordinators for the event are Dr. Mohd. Qasim and Dr. S. M. Tariq, with Dr. Md. Obaidullah serving as the convener. The lecture is scheduled for January 11, 2023, at 11:00 AM in the seminar room of the college located at Jawaharlal Nehru Marg, New Delhi 110002.

A special lecture titled "India-Arab Relations: Understanding the Old & New Trajectories,"

16th February 2023

Arabic Society under the Department of Arabic

A special lecture titled "India-Arab Relations: Understanding the Old & New Trajectories," organized by The Arabic Society under the Department of Arabic at Zakir Husain Delhi College, University of Delhi. The lecture, set for February 16, 2023, at 11:00 AM in the Seminar Room, will be delivered by Dr. Suhaib Alam, an Assistant Professor from the Department of Arabic, Jamia Millia Islamia, New Delhi. The event is presided over by Prof. Narendra Singh, the Principal of Zakir Husain Delhi College. Dr. Md. Obaidullah serves as the convener, and Dr. Mohd. Qasim and Dr. S.M. Tariq are the coordinators. The brochure features contact information for Dr. Md. Obaidullah and provides details about the venue and organizational affiliations, aiming to enhance understanding of India-Arab relations through historical and contemporary perspectives.

Mamluku Ali Lecture," on "Use of Information Technology in Learning and Teaching of Arabic Language

29th April 2023

Department of Arabic

"Mamluku Ali Lecture," which focuses on "Use of Information Technology in Learning and Teaching of Arabic Language." This event is organized by the Department of Arabic at Zakir Husain Delhi College, affiliated with the University of Delhi. The lecture is scheduled for April 29th, 2023, at 10:00 AM in the Seminar Room of the college.

Prof. Na'imul Hasan Asari, Head of the Department of Arabic at the University of Delhi, is slated to deliver the lecture. Prof. Narendra Singh, Principal of Zakir Husain Delhi College, will preside over the event. Dr. Md. Obaidullah is the convener of the lecture, with Dr. Mohd. Qasim and Dr. S.M. Tariq acting as coordinators.

Lecture highlights the significance of integrating information technology in the educational process, specifically in the context of teaching and learning Arabic. This reflects a modern approach to language education, emphasizing the importance of technological tools in enhancing educational delivery and accessibility. The event is organized under the aegis of IQAC-ZHDC, indicating a collaborative effort within the academic community to foster educational innovation in Arabic studies at the university.

Seminar "Knowing with Words and Indigenous Perspective"

23rd September 2022

Department of Philosophy

The Monist Society of the Department of Philosophy, in collaboration with the Internal Quality Assurance Cell (IQAC), organized a seminar titled "Knowing with Words and Indigenous Perspective" on 23rd September 2022. The seminar took place in the seminar room and featured Professor Balram Shukla from the Department of Sanskrit, Delhi University, as the esteemed speaker.

Professor Shukla delivered an insightful talk that explored the intricate relationship between language, knowledge, and indigenous traditions. He emphasized how words play a pivotal role in shaping our understanding of the world and how indigenous perspectives offer unique and valuable insights into the nature of knowledge. The seminar provided a platform for participants to engage with these ideas, fostering a deeper appreciation for the intersection of language, culture, and philosophy.

The event was well-attended by students and faculty members, who participated actively in the discussions. The seminar concluded with a vibrant Q&A session, where Professor Shukla addressed various queries and expanded on the topics covered during his lecture. The session enriched the participants' understanding of the philosophical dimensions of language and knowledge, especially from an indigenous standpoint. The seminar was a successful and enlightening experience, contributing to the academic growth and intellectual discourse within the department.

Programs organized by Hindi Sahitya Sabha

14th September 2022

Department of Hindi

निज भाषा उन्नति अहै, सब उन्नति को मूल
बिन निज भाषा ज्ञान के, मिटत न हिय के सूल।।

The Hindi Sahitya Sabha of Zakir Husain Delhi College (Morning): Keeping in view the propagation and promotion of the statutory official language and nominated national language Hindi on the occasion of Hindi Day on 14 September 2022, the programs organized by Arunodaya are as follows:

Professor Dr. Anil Rai of the Department of Hindi, University of Delhi as a lecturer in the program. After the arrival of Dr. Rai, Professor Anjan, Head of the Hindi Department of Zakir Husain Delhi College, honored Dr. Rai by presenting a bouquet. The programme then moved towards its natural goal. Dr. Rai presented his lecture on the topic 'Present Challenges and Future Prospects before Hindi', which solved all the doubts about the future in the Hindi in the minds of the students and also developed a proper understanding of how to decide the future path. The entire Hindi department of the college was present as an audience in the program.

After this, Hindi quiz program was started which was completed in two phases.

After the quiz program, a wonderful drama was staged by the students of the story 'Chief's Dawat' composed by Bhisham Sahni in the auditorium located in the college campus.

After the afternoon, once again the program gained momentum and started the round of self-composed poem recitation, in which the participants from various colleges recited their self-composed poems.

In the last leg of the program, the short story writing competition started in which the objective of writing short stories based on some pictures shown to the contestants with their originality and imaginative ideas given. Dr. Laxman Yadav, Dr. Yogeshwar Tiwari, Dr. Sabir, Dr. Sajjan were present as judges in the jury panel.

In the last phase of the program, Dr. Anjan Sir, Head of the Hindi Department of the college felicitated the winning participants with cash prize money and certificates and heartfelt gratitude to all the required participants for their possible cooperation and participation in making the program successful and smooth and extended best wishes to Arunodaya Hindi Sahitya Sabha for this beautiful, successful event.

Seminar on Intellectual Property Rights

1st October 2022

IQAC and DBT Star College Scheme

One-Day Seminar was planned on "Intellectual Property Rights" on 1st of October, 2022. The seminar was hosted in the Seminar Room of the college, and the keynote speakers included Dr. Raju Tiwari from Intellectual Property India (Govt. of India) and Dr. Mukesh from Keshav Mahavidyalaya, University of Delhi. The program aimed to educate participants about the importance of intellectual property rights in today's knowledge-driven economy.

The seminar was coordinated by Prof. P.K. Shishodia, the Coordinator of IQAC & DBT Star College Scheme, and convened by Dr. Dhiraj K. Singh. Prof. Narendra Singh, Principal of Husain Delhi College, also played a key role in the success of the event, which was a part of the "Azadi Ka Amrit Mahotsav" celebrations.

This event promised an insightful journey into the intricate world of intellectual property, where ideas transform into assets that drive innovation and progress. The seminar covered a broad spectrum, including patents, trademarks, copyrights, and trade secrets, providing a holistic understanding of how intellectual property rights play a pivotal role in today's dynamic business landscape. Participants also gained practical insights into the strategies and best practices for safeguarding intellectual property.

National Workshop on Python for Meta-analysis of Data

1st-5th November 2022

IQAC and DBT Star College Scheme, Zakir Husain Delhi College

Workshop organized on "Introduction to Python for Meta-analysis of Data," from 1st to the 5th of November, 2022 offered a unique and comprehensive exploration into the world of meta-analysis, using the versatile Python programming language as a powerful tool for data analysis. Meta-analysis, the statistical synthesis of results from multiple studies, has become a cornerstone in evidence-based research. Python, known for its simplicity and flexibility, is increasingly being embraced by the scientific community for its robust capabilities in data manipulation and analysis. Dr. Shikha Mehta from the Department of Computer Science and Engineering, Jaypee Institute of Information Technology, Noida. Dr. Mehta brought her expertise in Python programming and data analysis to guide participants in learning Python applications for data meta-analysis.

This workshop was designed to provide participants with a solid foundation in both meta-analysis methodologies and Python programming, empowering them to conduct meta-analyses with confidence. Led by experienced instructors proficient in both meta-analysis and Python, the workshop covered fundamental concepts, techniques, and best practices. The resource person for the workshop was

The workshop registration was free of charge, and the last date to register was October 30, 2022. The event aimed to equip participants, particularly students and researchers, with practical skills in Python for handling

Lecture on Magnetic Nanostructure and Nanodevices

31st January 2023

IQAC and DBT Star College Scheme, Zakir Husain Delhi College

On the 31st of January, 2023, we organized an Invited Lecture on "Magnetic Nanostructures and Nanodevices." The keynote speaker was Prof. Bijoy Kumar Kuanr from the Special Centre for Nanoscience at Jawaharlal Nehru University, New Delhi. Prof. Kuanr delivered insights into the emerging field of nanoscience, specifically focusing on magnetic nanostructures and their applications in nanodevices.

This occasion was not just a mere assembly; it was a convergence of intellect, a gateway to the forefront of cutting-edge research, and an opportunity to delve into the fascinating realm of nanotechnology. Magnetic nanostructures and nanodevices have emerged as pivotal components in the evolving landscape of science and technology. We presented an exclusive chance to explore the groundbreaking advancements in materials science, condensed matter physics, and electrical engineering. The lecture promised not only to be an educational experience but also a visionary exploration into the future possibilities that magnetic nanostructures and nanodevices may hold.

This lecture provided an excellent opportunity for students and faculty to learn about the latest advancements in nanotechnology. The event was open to all, and students Anurag Kumar and Rishabh Yadav served as the student coordinators for queries.

National Workshop on Data Manipulation through R

16-21 December 2022

IQAC and DBT Star College Scheme, Zakir Husain Delhi College

Zakir Husain Delhi College, University of Delhi, accredited with an 'A' grade by NAAC, in collaboration with the Internal Quality Assurance Cell (under the aegis of the DBT Star College Scheme), organized a five-day national workshop titled "Manipulation and Realization of Data through R". Workshop dedicated to the "Manipulation and Realization of Data through 'R'" was scheduled from the 16th to 21st of December 2022.

The resource person for the workshop was Mr. L. Naga Rajeev, a Data Scientist from the Department of Pediatrics and Clinical Epidemiology at the Sitaram Bhartia Institute of Science and Research, New Delhi. Mr. Rajeev brought his expertise in data analysis to guide participants in learning R programming for data manipulation and visualization, a crucial skill in modern data-driven research.

This workshop was tailored to provide participants with an immersive experience, allowing them to master the intricate art of data manipulation and harness the power of 'R' for effective data realization. The workshop was a deep dive into the world of data manipulation, offering a spectrum of techniques and tools within the 'R' programming language. 'R' has emerged as a cornerstone for data analysts and researchers, and this workshop aimed to equip participants with the skills required to efficiently manipulate and analyse data sets. Led by seasoned professionals well-versed in both data science and 'R,' the workshop demystified complex

One-Week Workshop on Gene Expression Analysis

22-28 December 2022

Department of Zoology

The Department of Zoology at Zakir Husain Delhi College (University of Delhi), in collaboration with the Internal Quality Assurance Cell (IQAC) and under the aegis of the DBT Star College Scheme, organised a workshop focused on "Techniques for Gene Expression Analysis," from 22nd to the 28th of December, 2022. This workshop promised an immersive exploration into the world of genomics, providing participants with invaluable insights and practical skills to unravel the complexities of gene expression. The field of gene expression analysis is evolving rapidly, and this workshop was designed to equip participants with the latest techniques and methodologies. Gene expression plays a pivotal role in understanding how genetic information is translated into functional molecules within living organisms. Hands-on sessions for participants on techniques like RNA isolation, cDNA preparation and Polymerase chain reactions gained a comprehensive understanding of the tools available for studying gene expression across diverse biological contexts.

Prof. Narendra Singh, Principal of Zakir Husain Delhi College, played a key role in supporting the workshop, while Prof. P.K. Shishodia coordinated the event under the DBT Star College Scheme and IQAC.

The workshop was part of the Azadi Ka Amrit Mahotsav celebrations, focusing on empowering young scientists with practical skills. It

Structure of genetic material:

The diagram illustrates the flow of genetic information: DNA (with regulatory sequences: Enhancer/silencer, Promoter, 5'UIR, Open reading frame, Stop, Terminator, 3'UIR, Enhancer/silencer) undergoes Transcription to form Pre-mRNA. Pre-mRNA undergoes Post-transcription modification (removal of introns, addition of 5' cap and Poly-A tail) to form Mature mRNA. Mature mRNA undergoes Translation to form Protein. The Open reading frame and Protein coding region (CDS) are highlighted in yellow circles.

REPORTS OF 2021-22

Interclass Essay Writing (Competition)

22nd March 2022

Bazm-e-Adab, Department of Urdu

Bazm-e-Adab is a cultural and literary organization of the Dept. of Urdu. It organizes a series of events like Debate, Ghazal recitation, Essay writing, Seminars, Lectures and literary discussions every year. Inter class events comprises with Essay Writing Competition, Bait Bazi and Ghazal Recitation. Essay Writing Competition was held on 22 March, 2022. In this competition Mohsin Ahmad B.A. (Prog.) IInd Yr, Mizba B.A. (Hons.) Urdu IInd Yr and Mahmood B.A. (Prog.) IInd Yr have secured first, second and third prizes accordingly.

Departmental Lecture Series

24th March 2022

Bazm-e-Adab, Department of Urdu

Bazm-e-Adab has started a series of departmental lecture, keeping in view the more benefits of the students. The first departmental lecture was organized on 24th of March 2022. Prof. Najma Rehmani, the Head of Urdu Department & Dean of Arts Faculty, University of Delhi was chief guest and Prof. Abu Bakar Abbad and Dr. Mithun Kumar were the speakers for the event.

The lecture was very fruitful and students of the college very happy to learn many new things about urdu literature.

Inter class Bait Bazi and Ghazal Recitation (competition)

29th March 2022

Bazm-e-Adab, Department of Urdu

Inter class Bait Bazi and Ghazal Recitation competition was organized on 29th of March 2022. In Bait-Bazi Competition Mosin Afsar B.A. (Hons.) Urdu IInd Yr, Ilma B.A. (Hons.) Urdu IIIrd Yr, and Mohd Kashif B.A. (Hons.) IInd Yr have secured first, second and third prizes accordingly.

In Ghazal Recitation Hamid Raza, B.A.(Hons.) Ist Arabic, Rafiuddin B.A. (Hons.) Urdu Ist Yr and Sumaiyya B.A.(H) Urdu IIIrd Yr have secured first, second and third prizes.

National Workshop “Biotechnology, Bioinformatics, and Biostatistics”

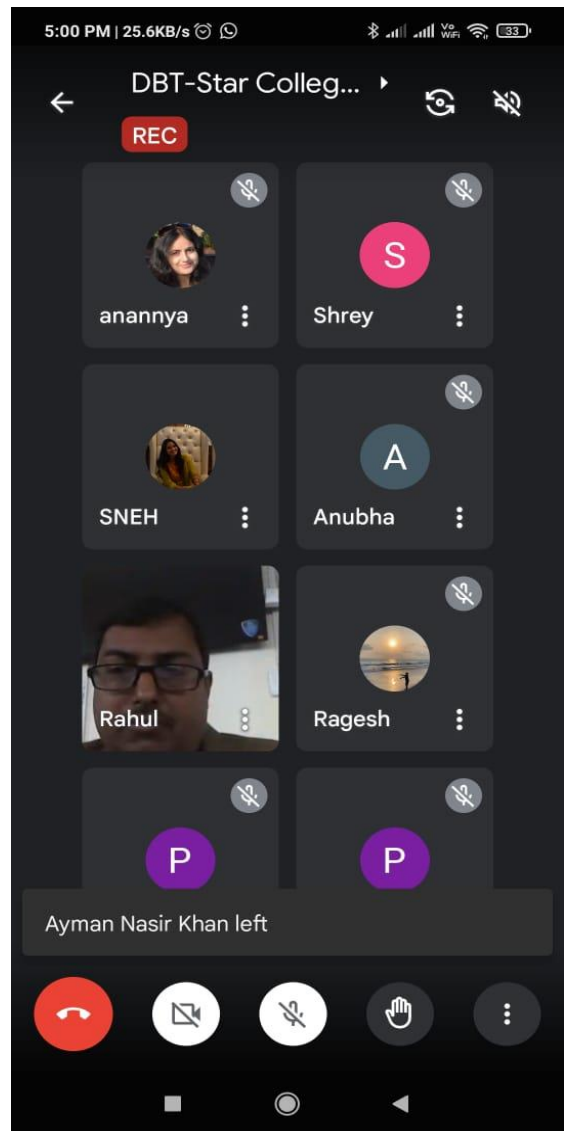

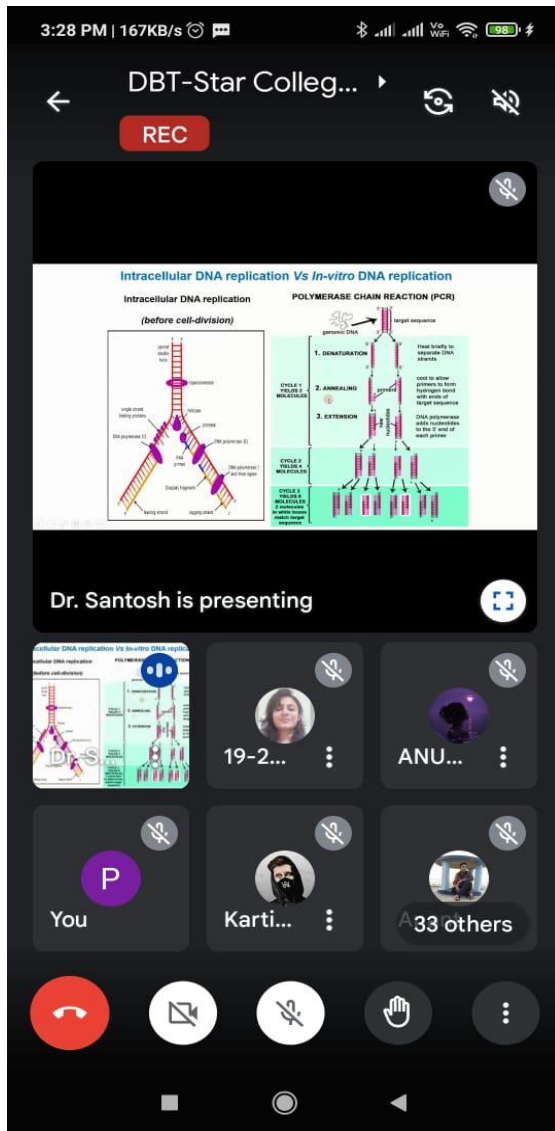

20-24 December 2021

DBT Star College Scheme

The National Workshop organised from December 20 - 24, 2021, was a noteworthy event focused on the practical application of cutting-edge tools in Biotechnology, Bioinformatics, and Biostatistics. Aimed at science students, the workshop sought to bridge the gap between theoretical knowledge and hands-on expertise, providing participants with valuable insights and skills applicable in the contemporary scientific landscape. The primary objective was to offer participants practical, hands-on experience with tools and techniques widely used in the fields of Biotechnology, Bioinformatics, and Biostatistics. By combining biotechnology with bioinformatics and biostatistics, the workshop aimed to showcase the synergies between these disciplines, fostering a holistic approach to scientific research and analysis. The workshop covered a spectrum of biotechnological applications, including gene editing techniques, DNA sequencing, and recombinant DNA technology. Practical sessions provided participants with hands-on experience in molecular biology techniques.

Program "A Journey from Self to Social,"

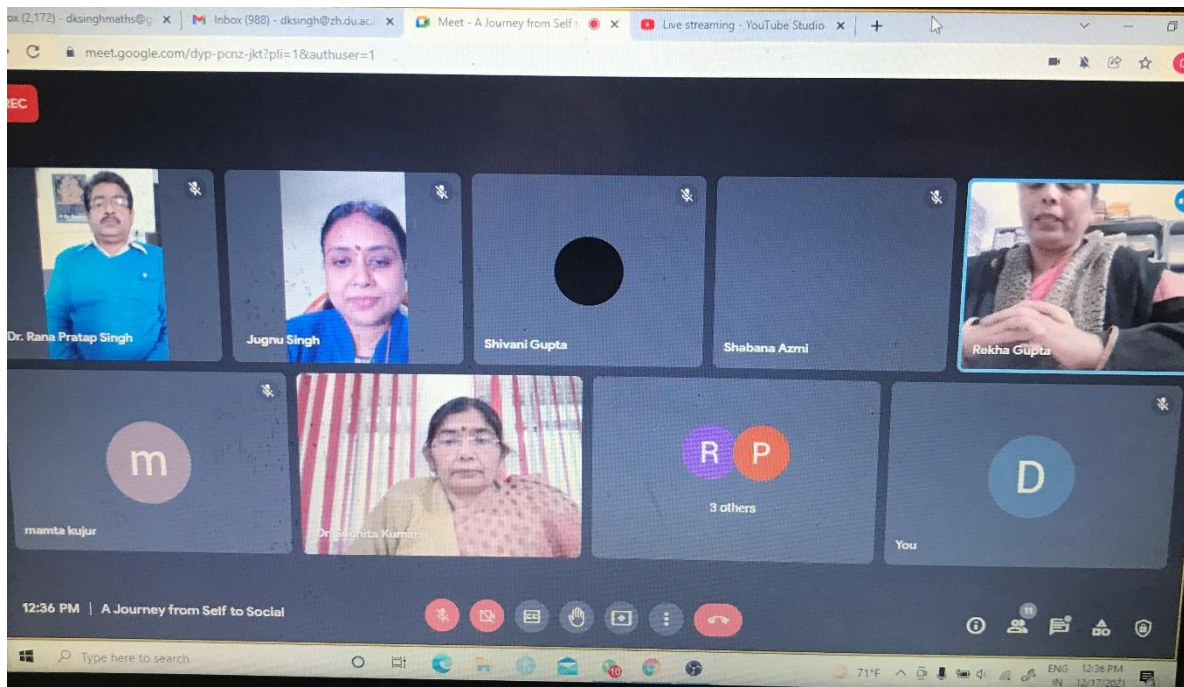

17 December 2021

DBT Star College Scheme

The Outreach Program conducted on December 17, 2021, stands out as a remarkable initiative aimed at fostering personal and societal growth. The centrepiece of this program was an insightful talk titled "A Journey from Self to Social," which delved into the transformative process of personal development and its ripple effect on broader social dynamics. The primary focus of the outreach program was to inspire individuals to embark on a journey of self-discovery and personal growth. Participants were encouraged to reflect on their own strengths, values, and aspirations as a foundation for positive change. Beyond individual development, the program aimed to highlight the interconnectedness of personal growth with broader societal well-being. The talk addressed the role individuals play in contributing to positive social change and fostering a sense of community. The program facilitated networking opportunities, encouraging participants to connect with like-minded individuals who share an interest in personal growth and social impact. Community-building activities aimed to create a supportive network for ongoing collaboration and shared initiatives.

Program on Environment and Sustainable Development

8 December 2021

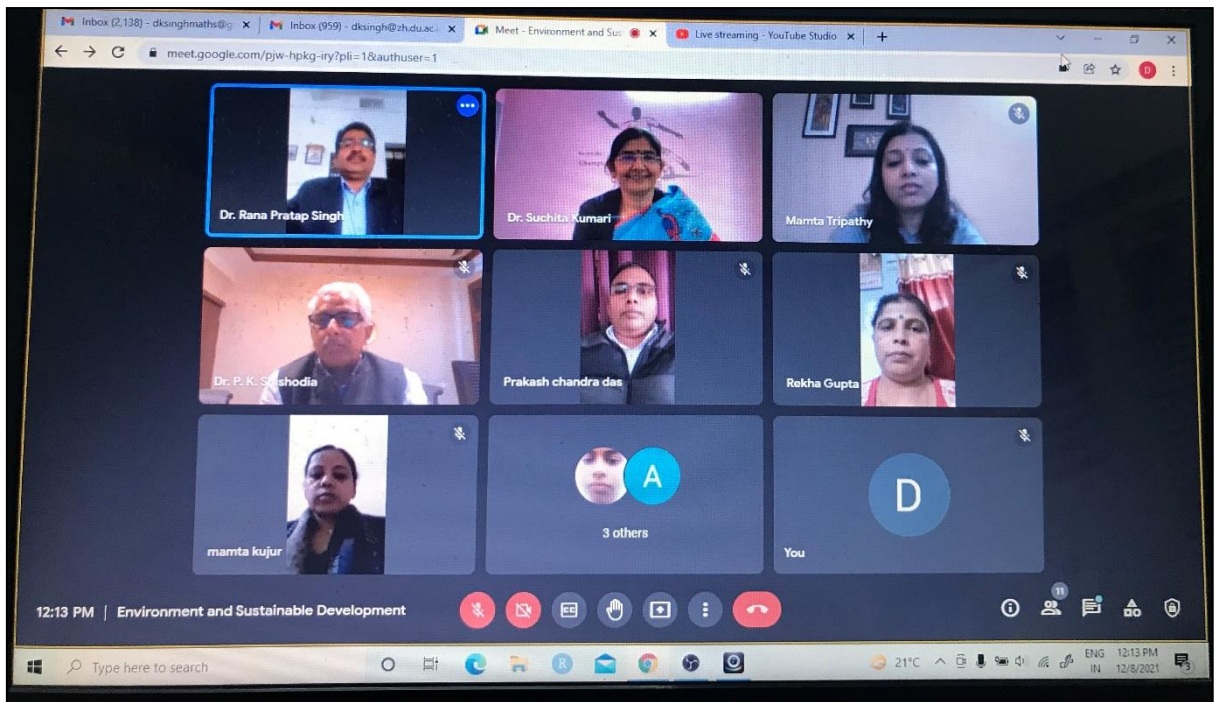

DBT Star College Scheme

The Outreach Program on Environment and Sustainable Development conducted on December 8, 2021, served as a pivotal platform to address critical issues surrounding environmental conservation and the imperative for sustainable development. This program aimed to raise awareness, inspire action, and foster a collective commitment to creating a more sustainable and environmentally conscious future. The primary objective was to increase awareness among participants about pressing environmental issues, including climate change, biodiversity loss, and resource depletion. Participants were provided with insights into the interconnected nature of environmental challenges and their impact on global well-being. Interactive workshops and practical sessions were conducted to empower participants with actionable strategies for sustainable living. Topics covered eco-friendly practices, waste reduction, energy conservation, and other lifestyle choices that contribute to environmental sustainability. The program encouraged community engagement through initiatives such as tree planting drives, clean-up campaigns, and awareness drives. Participants actively contributed to local environmental projects, fostering a sense of community responsibility. The program featured showcases of sustainable technologies and innovations, providing a glimpse into the

capabilities, enabling them to transform raw data into meaningful insights. The workshop aimed to deepen participants' understanding of statistical concepts related to data manipulation and visualization. Key statistical techniques, such as descriptive statistics, inferential statistics, and data summarization, were explored in the context of practical applications. Participants were guided through various data manipulation techniques using R, including data cleaning, merging, reshaping, and filtering. Practical exercises allowed participants to apply these techniques to real-world datasets, enhancing their data wrangling skills. The workshop provided a comprehensive introduction to data visualization principles and practices. These occasions served as a scientific forum for both students and faculty members, offering valuable learning experiences from esteemed academicians in the field of sciences. Through our engagements with students in regular classes and the organization of various scientific events and activities, it is apparent that the DBT-Star College Scheme has significantly elevated the confidence of the students. As a result, there is a noticeable increase in their enthusiasm for pursuing science as a career in higher studies.

**Zakir Husain Delhi College
(University of Delhi)
under the aegis of
DBT Star College Scheme**

Zakir Husain Delhi College (accredited A grade by NAAC) is one of the leading colleges of University of Delhi imparting higher education in Science, Commerce, Humanities and Social Sciences. The college holds the distinction of being in existence well before the establishment of the University of Delhi. Today, the college offers undergraduate courses in 21 disciplines and 17 postgraduate courses. The strong academic environment is complemented by various societies giving a unique platform for students to nurture their talents in different domains like dramatics, music, dance, art, fashion and photography.

Organizing Team

- Prof. (Dr.) Masroor Ahmad Beg, Principal
- Dr. P.K. Shishodia, Coordinator
DBT-STAR College Scheme
- Dr. Dhiraj Kumar Singh, Course Convenor
- Dr. Sunil Kumar, Co-Convenor
- Dr. Pankaj Sharma, Tutor
- Dr. Pratima Negi, Tutor
- Dr. Gurpreet Singh Tuteja, Resource Person

**About the Course:
Data Manipulation and Visualization
through Statistical Software R (Open Source
Software)**

What is R? Why R is becoming so important? What is the role of R software in statistics, mathematics and other basic sciences? The statistical software R has positioned itself as an important tool for statistical and visual analysis. So, whether you are a student of mathematics, statistics, engineering, physics, chemistry, pharmacy, fashion, medicine, social science or a researcher, definitely this workshop will be a starter for you. This workshop will cover the basics of R, right from the installation to data visualization and exploratory data analysis. The entire course will be delivered online. Classes shall be held every day for 2 hours including practical from **July, 27-31, 2020** either on Google Meet or Zoom. Being practical based course, candidates must have their working reliable laptops in every online class.

Eligibility:

Participant must have studied at least one paper of Mathematics at UG/Senior Secondary level.

Who can apply?

Faculty, Research Scholars, UG and PG Students (including First Year) are eligible.

Seats are limited.

Contact: dbtstarcollege@zh.du.ac.in

Registration:

Registration form is available online at <http://www.bit.do/ZHDCRS>

The last date for registration is July 24, 2020.

The selected candidates will be informed latest by July 26, 2020

Registration Fee: Free

Programme Planner:

Introduction and Installation of R software, using R- studio effectively, introductory R language fundamentals and basic syntax, understanding critical programming language concepts for performing data analysis, import data into R from external files, create summary statistics, create new variables, informative data visualization and tables, exploratory data analysis. The working data sets include Covid live data.

Each session will be followed by a quiz, and a final project to be submitted. The attendance will be marked through the quiz only which will be conducted either before or after each session.

Duration: July, 27-31, 2020 (total 10 Hrs (1Week))

Award of Certificate:

Certificate will be awarded only to those participants who will complete 80% of attendance subject to passing of a final test (overall 60%).

Online International Conference cum Workshop on Proteomics, Transcriptomics and Molecular Drug Design: An Integrated Omics Approach

25-27 May, 2022

Department of Botany

A two day Online International Conference cum Workshop on Proteomics, Transcriptomics and Molecular Drug Design: An Integrated Omics Approach from 25-27 May, 2022 was organized by Department of Botany, Zakir Husain Delhi College. The workshop had participation of more than 150 participants that included students, Research Scholars and faculty. The workshop provided hands for using various softwares and programs used for proteomics and other omics works. It had speakers and resource persons from national and international institutes. The event also had session for oral and poster presentation by the participants.

E-content available on the college website for student reference:

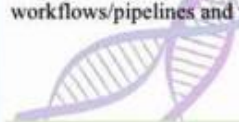

<https://www.zakirhusaindelhicollege.ac.in/international-conference-cum-workshop/>

COORDINATOR IQAC

About the Event

Omics approach at various levels is the key to understand the flow of genetic information from DNA to RNA to protein. It has multifaceted applications in understanding molecular basis of acclimation, stress response, disease response, etc. Omics is now an integral tool in basic research as well as for understanding and development of novel molecular diagnostics. These technologies have the generic goal to reveal the mystery of living system by recognising the components in totality and to analyse the interaction among these components. This would enable the understanding of the system in a more lucid and an integrated manner. This event aims at emphasising the importance and familiarisation of omics techniques together with their role in molecular drug discovery. Participants will learn the latest in the field of transcriptomics, proteomics, and drug designing to keep them abreast with the fast-emerging techniques. Furthermore, hands-on-training will help them to understand the data management and data mining, which are considered as two most important bottlenecks for the omics-based research. It will allow them to gain more insights of the workflows/pipelines and the softwares dedicated for omics studies.

Topics for Hands-on-Sessions

Understanding Quantitative Proteomics in Plants

- Handling raw proteomics data using MaxQuant software
- Detection of PTMs from the proteome data using MaxQuant
- Data interpretation and visualisation using Perseus software
- Functional annotation of the proteins using online software DAVID

RNA-Seq Analysis and Data Interpretation using Web-Interface

- Basic introduction to the NGS datasets generation and quality scores
- Brief introduction to the Galaxy webservice
- Brief discussion about extracting NGS datasets using publicly available SRA database
- Understanding the RNA-seq data and transcriptome analysis workflow available on Galaxy
- NGS data handling including quality check and adapter trimming
- Data Processing followed by mapping and alignment to the reference genome
- Differential gene expression analysis with RNA seq datasets accompanied by GO enrichment analysis

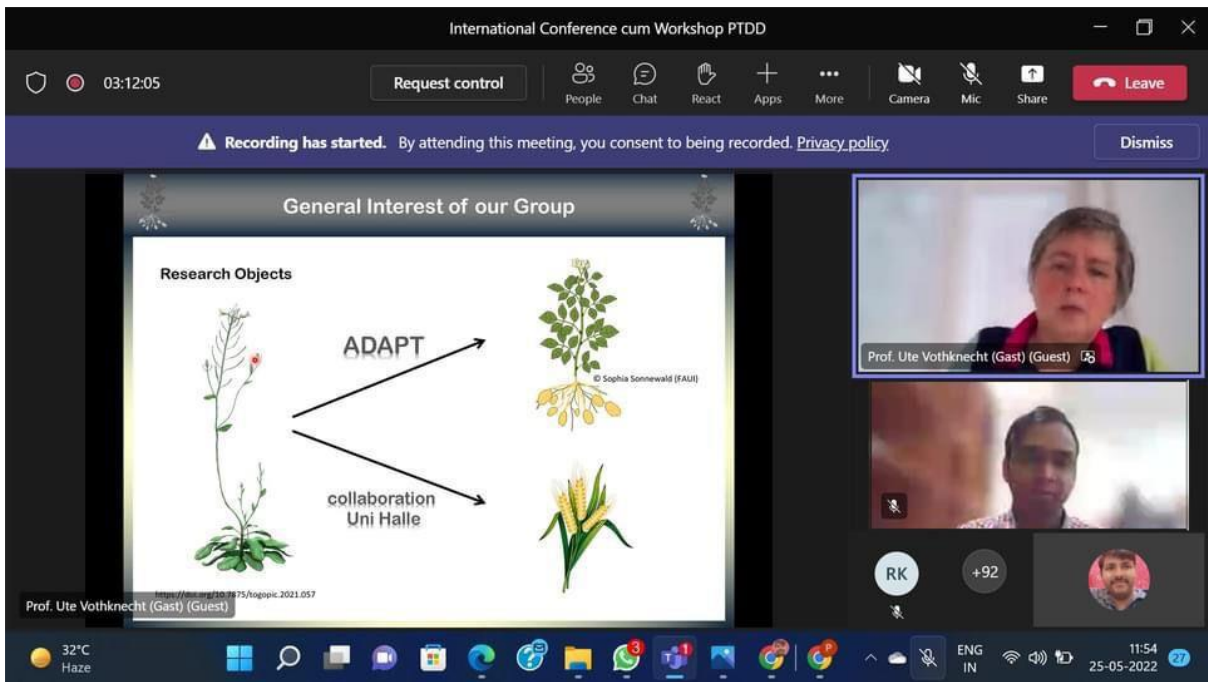

Methyl-Omics: An Emerging Field of Gene Expression Alterations

- DNA methylation in plants
- DNA methylation analysis methods
- Profiling whole genome methylation
 - Whole genome bisulfite sequencing
- Methylation status of specific genes of interest
- Hands on session on designing methylation specific PCR primers using MethPrimer software
 - Digestion based assay and q PCR.
 - Bisulphite sequencing PCR.
- Hands on session on quantification of CpG methylation using QUMA software

RNA Seq Analysis using Linux and R Programmes

- Processing of rawreads, alignment of reads, on Linux platform
- Brief introduction on the method of Illumina RNASeq
- Count matrix and expression matrix generation on Rstudio
- Differential expression analyses and it's significance
- Heatmaps, data analyses, and clustering

Online National Workshop on Bioinformatics Resources, Tools, and its Applications

July 19-27, 2021

Department of Botany

Nine days online National Workshop on Bioinformatics Resources, Tools, and its Applications was conducted by the Department of Botany, Zakir Husain Delhi College from July 19-27, 2021. Around 400 participants that included students from 90 institutions across the country and 26 colleges of University of Delhi attended the workshop. The work shop had 11 resource persons who delivered lectures on various aspects of bioinformatics that included Introduction to NCBI and its databases, Sequence retrieval and alignment, Phylogenetic analysis using software, Drug discovery etc. They keynote address were delivered by Dr. Sudhir Kumar, Temple University, Philadelphia, USA; Prof, Gajendra PS Raghavan, Head Department of computational Biology, IIT, New Delhi and Prof. Suman Lakhanpaul, Head Department of Botany, University of Delhi.

It was great.

Dr brijesh rathi and dr archna Singh delivered an excellent talk . I liked both of them a lot

It was overall a nice experience to interact with such highly knowledgeable professors.

All session was fantastic. Make the process to attend workshop was smooth

It was such an interesting workshop , got to know know about so many different things. Honestly my aim of knowing bioinformatics has been fulfilled by this workshop and for this all the appreciation goes to the organising committee of ZHDC.

It was very well planned

Refresher course on Digital upskilling

15th -17th February 2022

Department of Botany

Department of Botany (under the aegis of IQAC) has organized a Digital Upskilling Workshop from 15th - 17th 2022. The aim of this workshop is to impart the computer knowledge to lab staff and upgrade them with new skills in computer technology. Thus, this workshop aims to digitally upskill our laboratory staff to empower them in their daily tasks. The sessions would lay the groundwork on how to operate computers, and subsequently use data entry systems. It improves everybody's efficiency and productivity, creates positive feelings, and develops confidence to learn new things. Hands on sessions had been conducted by different resource persons towards the learning of computer skill like Word documents, Excel spreadsheets, tabulation work, Data compiling etc. In the last session questioner in the form of assessment was done. Feedback response and evaluation has been done at the end. This work shop ended with Valedictory Address and distribution of the Certificates.

DIGITAL UPSKILLING WORKSHOP
 for lab staff
 on
15th-17th February 2022

Digital upskilling means gaining basic knowledge and skills in computer technology. It improves everybody's efficiency and productivity, creates positive feelings, and develops confidence to learn new things. Digital learning and utilization has gained a lot of importance in today's life since computers are used in every field. Therefore, it has become imperative that each person should have the fundamental know-how of a computer. Thus, this workshop aims to digitally upskill our laboratory staff to empower them in their daily tasks. The sessions would lay the groundwork on how to operate computers, and subsequently use data entry systems.

Refresher course on Lab Techniques

7th -11th February 2022

Department of Botany

In Botany Department laboratories, experiments are carried out towards various fields of Botany like biochemistry, cell biology, ecology, embryology, anatomy etc. as per the course curriculum of under graduate programs. Lab staff are responsible for managing chemicals, equipment and preparing solutions commonly used in the experiments. Since the strike of COVID 19 in our country, all came to a standstill. College premises were closed for the students and teachers. The labs were closed down too in whatever condition they were. Labs had been closed for 700 days. This long period without students and their practical classes, has caused a kind of knowledge erosion which needs to be restored at the earliest. The aim of this five-day Refresher course was to refresh and impart The Lab staff with traditional and newer methods and techniques of scientific experiments. Hands on sessions were conducted by faculty members towards the handling of Botanical materials, solution preparations, culture media preparations and microbial cultures, herbarium preservation techniques along with emphasis on laboratory safety guidelines. It was attended by Faculty members and all the lab staff of Botany Department.

National Workshop on the “R Package 'dplyr,': Grammar of Manipulation”

10th -12th March 2022

Department of Maths

National Workshop on the “R Package 'dplyr,': Grammar of Manipulation” was organized on March 10 to March 22, 2022. This workshop offered a unique opportunity for participants to deepen their understanding of data manipulation techniques using the 'dplyr' package in the R programming language. The primary objective of this workshop was to empower participants with the essential skills needed for efficient and expressive data manipulation using the 'dplyr' package. Participants also learned about various 'dplyr' functions, allowing them to streamline data analysis workflows and enhance their data wrangling capabilities. The workshop was designed for individuals with varying levels of expertise in R, from beginners to intermediate users. Professionals, researchers, and students working with data in diverse fields, including but not limited to statistics, economics, biology, and social sciences, find workshop beneficial. The curriculum covered key aspects of data manipulation, including filtering, sorting, summarizing, and transforming data frames using the 'dplyr' functions. Advanced topics such as joining datasets, handling missing data, and creating custom functions for data manipulation were also explored.

E-content available on the college website for student reference:

Zakir Husain Delhi College
(University of Delhi)
under the aegis of
DBT Star College Scheme
and in association with IQAC

Zakir Husain Delhi College (accredited A grade by NAAC) is one of the leading colleges of University of Delhi imparting higher education in Science, Commerce, Humanities and Social Sciences. The college holds the distinction of being in existence well before the establishment of the University of Delhi. Today, the college offers undergraduate courses in 21 disciplines and 17 postgraduate courses. The strong academic environment is complemented by various societies giving a unique platform for students to nurture their talents in different domains like dramatics, music, dance, art, fashion and photography.

Organizing Team

- Prof. Sangeeta Pandita, Principal
- Prof. P.K. Shishodia, Coordinator DBT-STAR College Scheme
- Prof. Gurpreet Singh Tuteja, Teacher In-charge, Department of Mathematics
- Prof. Mohd. Arif, Coordinator, IQAC
- Prof. Gurpreet Singh Tuteja, Resource Person

About the Course:
Data Manipulation and Visualization Grammar of Data Manipulation (Dplyr)

What is R? Why R is becoming so important? What is the role of R software in statistics, mathematics and other basic sciences? The statistical software R has positioned itself as an important tool for statistical and visual analysis. So, whether you are a student of mathematics, statistics, engineering, physics, chemistry, pharmacy, fashion, medicine, social science or a researcher, definitely this workshop will be a starter for you. This workshop will cover the basics of R, right from the installation to data visualization and exploratory data analysis. The entire course will be delivered online. Classes shall be held every day for one hour including practical from **March 10-12, 2022** either on Google Meet or Zoom. Being practical based course, candidates must have their working reliable laptops in every online class.

Eligibility:
Participant must have studied at least one paper of Mathematics at UG/Senior Secondary level.

Who can apply?
Faculty, Research Scholars, UG and PG Students (including First Year) are eligible.

Seats are limited.

Contact: -----

Registration:

Registration form is available online at <http://www.bit.do/ZHDCRS>

The last date for registration is **March 09, 2022.**

The selected candidates will be informed latest by March 09, 2022

Registration Fee: Free

Programme Planner:

Introduction and Installation of R software, using R- studio effectively, introductory R language fundamentals and basic syntax, understanding critical programming language concepts for performing data analysis, import data into R from external files, create summary statistics, create new variables, informative data visualization and tables, exploratory data analysis. The working data sets include Covid live data.

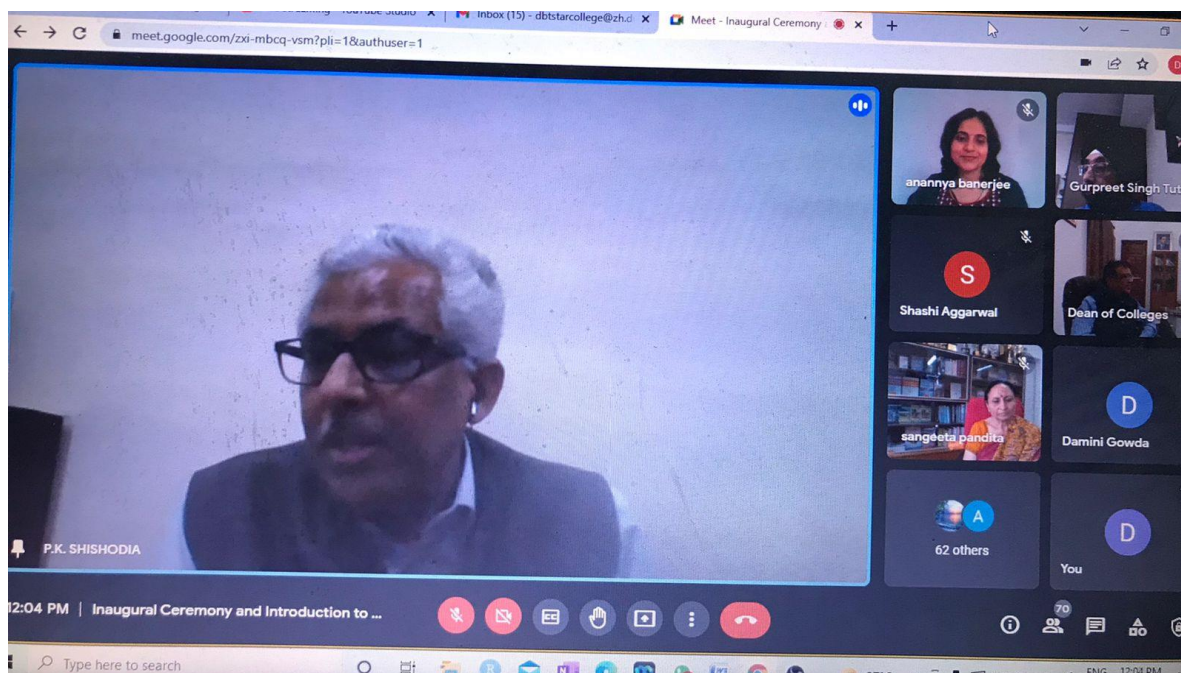

Each session will be followed by a quiz, and a final project to be submitted. The attendance will be marked through the quiz only which will be conducted either before or after each session.

Duration: March 10-12, 2022.

Award of Certificate:
Certificate will be awarded only to those participants who will complete 80% of attendance subject to passing of a final test (overall 60%).

Lecture on "Introduction to the Nanoscale World: Understanding and Applications,"

April 8, 2022

Department of Electronics

Invited Lecture on "Introduction to the Nanoscale World: Understanding and Applications," on April 8, 2022, promised an illuminating exploration into the fascinating realm of nanotechnology, unravelling the mysteries of the nanoscale world and its myriad applications. Nanotechnology, the study and manipulation of matter at the nanometre scale, has revolutionized various fields, from materials science to medicine. Our distinguished speaker, a renowned expert in nanotechnology, guided the students through the foundational principles that govern the nanoscale world and elucidate its practical applications that are transforming industries and research landscapes.

REPORTS OF 2020-21

Workshop on "Data Manipulation and Visualization through Statistical Software 'R'"

24th July 2020

Department of Maths

The Workshop on "Data Manipulation and Visualization through Statistical Software 'R'" held on July 2020 was a dynamic and immersive learning experience designed to enhance participants' skills in handling and visualizing data using the R programming language. This workshop provided a valuable opportunity for individuals across diverse fields to delve into the intricacies of data manipulation and visualization, leveraging the powerful tools offered by the R statistical software. The primary objective of the workshop was to enhance participants' proficiency in data manipulation and visualization techniques using the R programming language. Participants gained experience with R's capabilities, enabling them to transform raw data into meaningful insights. The workshop aimed to deepen participants' understanding of statistical concepts related to data manipulation and visualization. Key statistical techniques, such as descriptive statistics, inferential statistics, and data summarization, were explored in the context of practical applications. Participants were guided through various data manipulation techniques using R, including data cleaning, merging, reshaping, and filtering. Practical exercises allowed

participants to apply these techniques to real-world datasets, enhancing their data wrangling skills. The workshop provided a comprehensive introduction to data visualization principles and practices. These occasions served as a scientific forum for both students and faculty members, offering valuable learning experiences from esteemed academicians in the field of sciences. Through our engagements with students in regular classes and the organization of various scientific events and activities, it is apparent that the DBT-Star College Scheme has significantly elevated the confidence of the students. As a result, there is a noticeable increase in their enthusiasm for pursuing science as a career in higher studies.

Webinar cum Workshop on Coping with Internet Overuse during Covid Times

27th November 2020

Girl's Association AASMI-“I AM”

Webinar cum Workshop on “Coping with Internet Overuse during Covid Times” by ” eminent psychologist Dr. Jaya Mohan on November 27, 2020. The workshop was conducted online to cope up with the internet usage. More than 100 students participated in this webinar cum workshop. Dr Jaya explained the problems associated with excess use of internet and how to overcome the serious issues related with this. she gave many solutions to reduce the side effects like neck exercises, Sensory rest, Relaxation exercise and affirmation writing. This workshop was very interesting and creates awareness among students.

On the movie

Samsara(2011)

Samsara is a non-narrative documentary shot across 25 countries over a span of 5 years, which explores the wonders of our world from the mundane to the miraculous, looking into the unfathomable reaches of humanity's spirituality and the human experience. Neither a traditional documentary nor a travelogue, it takes the form of a non-verbal, guided meditation.

NATIONAL CONFERENCE ON APPLICATION OF MATHEMATICAL TOOLS IN SOCIAL SCIENCES AND SCIENCES (ONLINE)

The 1st National Conference
OCTOBER 17-18, 2020

zakirhusaindelhicollege.ac.in
 Email : amtssc2020@gmail.com

ABOUT CONFERENCE

Role of Mathematics in the development of modern science and social science is crucial and inevitable. Scientific theory has always been tested and expressed in mathematical language. Three basic approaches of research; observation and experiment, theory, and modelling can be precisely understood by mathematical tools and techniques. It is the knowledge of mathematics that helps in mining and discerning the enormous data produced from scientific observations. In order to measure, predict, understand and create the models, knowledge of mathematical tools is very essential. It gives an edge to the scholar to holistically understand various physical, chemical, and biological phenomena through different perspectives. Not only this, it also helps us to visualize the growth, development, disparities, government policies, politics, democracy, identity, governance and Indian history and culture. In recent years Artificial Intelligence and Data Analysis are two developing areas in the research. Use of software is desirable and moreover it is an essential part of any statistical analysis. These mathematical tools are useful in the study of endocrinology and reproduction; species invasion and biodiversity threats; environmental impacts and assessment on human health; impact of education on socio-economic structure in India and many more. Always interpretation through various systematic tools gives better understanding of scientific observations.

National Conference on Application of Mathematical tools in Social Sciences and Sciences (Online)

SUBJECT COVERAGE

Example of topics appropriate to the conference include:
 Growth, Development, Disparities and Politics
 Democracy, Identity, Governance
 Indian History and Culture
 Sustainable Development
 E-Learning Solutions
 ICT-Based Creativity and Innovation
 E-Government Solutions
 Cloud Computing
 Web Tools and Technologies
 Internet of Things
 Transportation Modelling
 Endocrinology and Reproduction
 Infections and Immunity
 Cancer Biology
 Species Invasion and Biodiversity Threats
 Environmental Impacts and Assessment on Human Health
 Healthcare, Drugs, and Diseases
 Impact of Education on Socio-Economic Structure in India
 Cryptosystems and Data Protection
 Artificial Intelligence
 Decision Support Systems
 Teaching and Learning for Lifelong Learning Sector
 Student Centred Teaching and Learning

Important Dates and Instructions
 Interested candidates may register through the link: <https://tinyurl.com/amtssc2020> or Email: amtssc2020@gmail.com by **October 10, 2020** along with abstract of 200 words. Eligible candidates will be informed through mail by **October 11, 2020**. The candidates will be given E-Certificates for participation. All full papers sent for conference proceedings will be subjected to double blind reviewing process (guidelines will be sent later) and will be published as an edited book with an ISBN. Publication fee for a paper is Rs. 2000 only.

Intellectual Property Rights: An overview

7th October 2020

Department of Botany

The Department of Botany conducted a Webinar on “Intellectual Property Right: An Overview” on October 1, 2020. The conference was attended by scientists of repute from various universities of Delhi and all over India.

The banner features the logos of the University of Delhi and Zakir Husain Delhi College. The central text reads "WEBINAR on Intellectual Property Rights : An Overview". It includes a portrait of Professor H.S. Chawla, a photograph of the college building, and the event details: "October 7, 2020 (4:00-5:00 pm)". The organizing committee lists the Patron (Dr. Masroor Ahmad Beg), Convener (Dr. Malti Gupta), Coordinators (Dr. M. Wahid Ansari and Dr. Deepika Sharma), and Organizing Secretary (Dr. Babeeta C Kaula). The event is organized by the Department of Botany at Zakir Husain Delhi College, University of Delhi, JLN Marg, Delhi-110002. A registration link and platform information are provided at the bottom.

REPORTS OF 2019-20

National Seminar “Contribution of Sufism in Indo-Persian Literature”

26th -27th February 2020

Department of Persian

Anjuman Persian Zakir Hussain Delhi College and National Council for the Promotion of Urdu Language jointly organized a 2-day national seminar titled “Contribution of Sufism in Indo-Persian Literature” on 26th -27th February 2020. In the seminar held at Zakir Hussain Delhi College, the first academic session was chaired by Prof. Aleem Ashraf Khan, Dr. Shamim-ul-Haque Siddiqui, while Dr. Shahnaz Ara Begum moderated. Four papers were presented in this academic session. The first paper was read by Dr. Ghulam Nabi (Lucknow University), the second paper by Dr. Mehtab Jahan (DU), the third paper by Muhammad Abraham Wani (Kashmir) and the fourth paper by Shahbaaz (Ph.D. scholar). Today, 6 papers were read in the second academic session of the seminar, chaired by Dr. Mahmood Fayaz. while Dr. Shahnaz Parveen moderated. During the session Zohra Khatoon (JMI), Dr. Najeeba Akhtar (AMU), Shazia Bano (Kashmir), Hina, Akbar Ali Shah (D.U.), Dr. Shahnaz Parveen (Zakir Husain Delhi College) presented the research papers.

Prof. Sharif Hussain Qasmi presided over the closing session and Dr. Mahmood Frayad delivered the keynote speech and said that if the articles read in this seminar are evaluated, we have achieved success on this subject.

Ghaziuddin Khan Lecture-5 by The Arabic Society “Conversation and Its Role in Arabic Teaching”

14th November 2019

Arabic Society, Department of Arabic

The Arabic Society of Zakir Husain Delhi College (University of Delhi) organized the Ghaziuddin Khan Lecture-5 on November 14, 2019. The lecture focused on the topic “Conversation and Its Role in Arabic Teaching” (الحوار ودوره في تعليم اللغة العربية). The event took place at 10:30 AM in the AV Room, Science Block of the college.

The guest speaker for the event was Prof. Mohd. Aslam Islahi, former Chairperson of the Centre of Arabic & African Studies and former Dean of the School of Language, Literature and Culture Studies at Jawaharlal Nehru University, New Delhi. Prof. Islahi, a distinguished scholar in Arabic, discussed the critical role of conversation in the process of teaching the Arabic language, emphasizing the importance of dialogic methods for effective language acquisition.

The lecture provided an insightful exploration of how conversational practice enhances learning outcomes in Arabic teaching, benefiting students, educators, and language enthusiasts alike. The event was part of the ongoing activities of the Department of Arabic at Zakir Husain Delhi College, a reputed institution with a long-standing commitment to the promotion of language studies.

Talk on the famous novel "Mudun al Milh"

31 August 2019

Arabic Society, Department of Arabic

The Arabic Society of Zakir Husain Delhi College, University of Delhi, organized a talk on August 31, 2019, on the famous novel "Mudun al Milh" (مدن الملح) by Dr. Abdul Rahman Munif. The event was held under the Department of Arabic at Zakir Husain Delhi College and was part of their ongoing efforts to promote discussions on notable works in Arabic literature.

The talk was delivered by Dr. A. Majeed, an Assistant Professor at Farook College, University of Calicut, Kerala. Dr. Majeed provided an in-depth analysis of the novel, which is considered one of the most significant literary works in modern Arabic literature. "Mudun al Milh," also known as "Cities of Salt," portrays the transformation of traditional Arab societies with the discovery of oil and explores the cultural, political, and economic impacts of modernization in the Arab world.

The event allowed students, faculty, and literary enthusiasts to engage with complex themes of identity, change, and resistance as explored in Munif's novel. Dr. Majeed's expertise and insights sparked thought-provoking discussions, making the event a valuable academic and cultural experience for all attendees.

AASMI “I AM” Inaugural Lecture by Girls Association

24th September 2019

Girls Association, Zakir Husain Delhi College

The Girls Association (2019-2020) of Zakir Husain Delhi College organized an inaugural lecture titled AASMI – “I AM” on 24th September 2019 at 11:00 AM in the AV Room of the college. The topic of the lecture was “Dealing with Mental Pressure through Positive Psychology”, delivered by Nutan Kanth, a Clinical Psychologist/Counselor from SPYM.

The session focused on understanding mental pressure and how positive psychology can be a tool to manage it effectively. Nutan Kanth shared valuable insights on developing mental resilience, emphasizing the importance of maintaining a positive outlook to deal with stress, anxiety, and other mental health challenges faced by students.

The event was convened by Dr. Devayani Muley from the Department of Botany, and the association's leadership included Sakina Asghar as President, Samreen as Vice-President, and Sakshi Yadav as Joint Secretary. The lecture was followed by an interactive event titled “Be Yourself - Speak Your Mind”, encouraging participants to share their thoughts and experiences openly. Freshers were warmly welcomed to participate in the event, fostering a supportive environment for open conversations about mental well-being.

Talk on "Ethical and Legal Aspects of Surrogacy" at Ecclesia

24th October 2019

Department of Philosophy, Zakir Husain Delhi College

As part of the two-day student activity session, "Ecclesia," a thought-provoking talk was organized on the topic "Ethical and Legal Aspects of Surrogacy." The event aimed to explore the complex ethical and legal dimensions of surrogacy, sparking a nuanced discussion among participants.

Event Highlights:

Objective: To examine the ethical and legal implications of surrogacy, fostering a deeper understanding among students

The talk was held in the Seminar Room at 10:30 AM and featured two distinguished speakers:

Dr. Divya Tiwari: An Associate Professor at Zakir Husain Delhi College, Dr. Tiwari provided a philosophical analysis of surrogacy, discussing the ethical dilemmas it presents. Her talk focused on issues such as the moral implications of surrogacy, the commodification of women's bodies, and the ethical responsibilities of the involved parties.

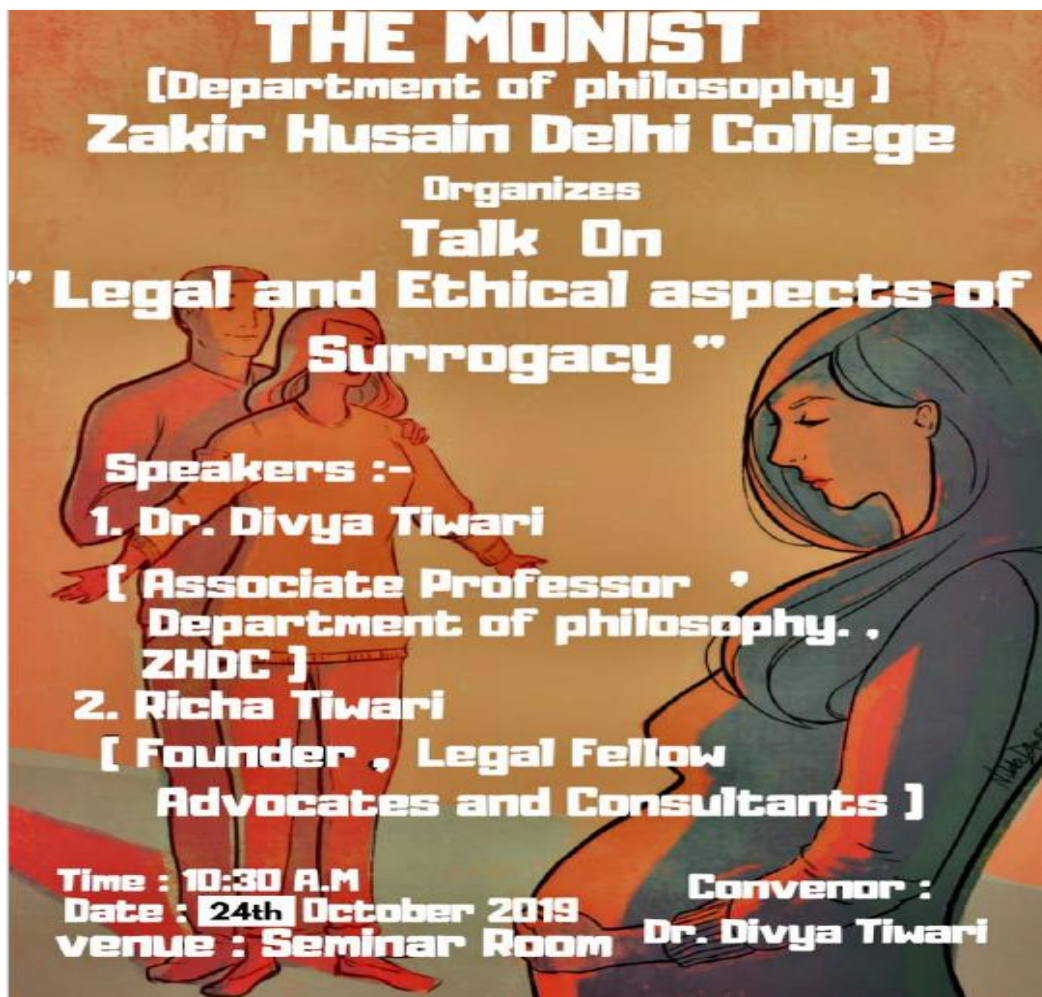

Miss Richa Tiwari: The Founder and Legal Fellow at Advocates and Consultants, Richa Tiwari offered insights into the legal aspects of surrogacy. She addressed the challenges posed by the current legal framework, the need for clear regulations, and the protection of rights for all parties involved in surrogacy agreements.

The talk provided a comprehensive overview of th

aspects of surrogacy, addressing key issues and concerns. The session encouraged active participation, with attendees engaging in a lively discussion and Q&A session.

Outcome:

The talk was a resounding success, achieving its objective of raising awareness and promoting critical thinking on the ethical and legal aspects of surrogacy. The event demonstrated the importance of interdisciplinary discussions in addressing complex issues like surrogacy.

"Ecclesia" Student Activity Session

18th October 2019

Department of Philosophy

The Monist, the departmental society of the Department of Philosophy at Zakir Husain Delhi College, organized a two-day student activity session titled "Ecclesia." The event spanned over two days, with various competitions held on October 18, 2019, and a specialized talk on October 24, 2019.

Day 1: Competitions (October 18, 2019)

The first day of the event was dedicated to a series of competitive activities that encouraged student participation and engagement in philosophical and intellectual discourse. The events were held in the A.V. Room and included the following:

Quiz Competition (10:00 AM): A test of knowledge across a range of subjects, aimed at sharpening students' intellectual abilities.

Debate Competition (12:00 PM): Students debated on various topics, honing their argumentative skills and fostering critical thinking.

Essay Competition (1:30 PM): Participants expressed their thoughts in writing on philosophical and contemporary issues, showcasing their analytical skills and command over language.

Poster Making Competition (2:30 PM): Students created visually appealing posters, combining creativity with philosophical ideas, reflecting their understanding of complex concepts.

Day 2: Talk on "Ethical and Legal Aspects of Surrogacy" (October 24, 2019)

The second day featured a talk on the "Ethical and Legal Aspects of Surrogacy," which was the highlight of the "Ecclesia" session. The talk was held in the Seminar Room at 10:30 AM and featured two distinguished speakers:

Dr. Divya Tiwari: An Associate Professor at Zakir Husain Delhi College, Dr. Tiwari provided a philosophical analysis of surrogacy, discussing the ethical dilemmas it presents. Her talk focused on issues such as the moral implications of surrogacy, the commodification of women's bodies, and the ethical responsibilities of the involved parties.

Miss Richa Tiwari: The Founder and Legal Fellow at Advocates and Consultants, Richa Tiwari offered insights into the legal aspects of surrogacy. She addressed the challenges posed by the current legal framework, the need for clear regulations, and the protection of rights for all parties involved in surrogacy agreements.

Conclusion:

“Ecclesia” was a comprehensive and engaging session that combined intellectual competition with insightful discourse on a significant

contemporary issue. The event fostered a spirit of inquiry among students, providing them with a platform to showcase their skills and engage with complex ethical and legal topics. The talk on surrogacy, in particular, was a highlight, contributing to a deeper understanding of the subject among attendees.

22th February 2020

Department of Philosophy

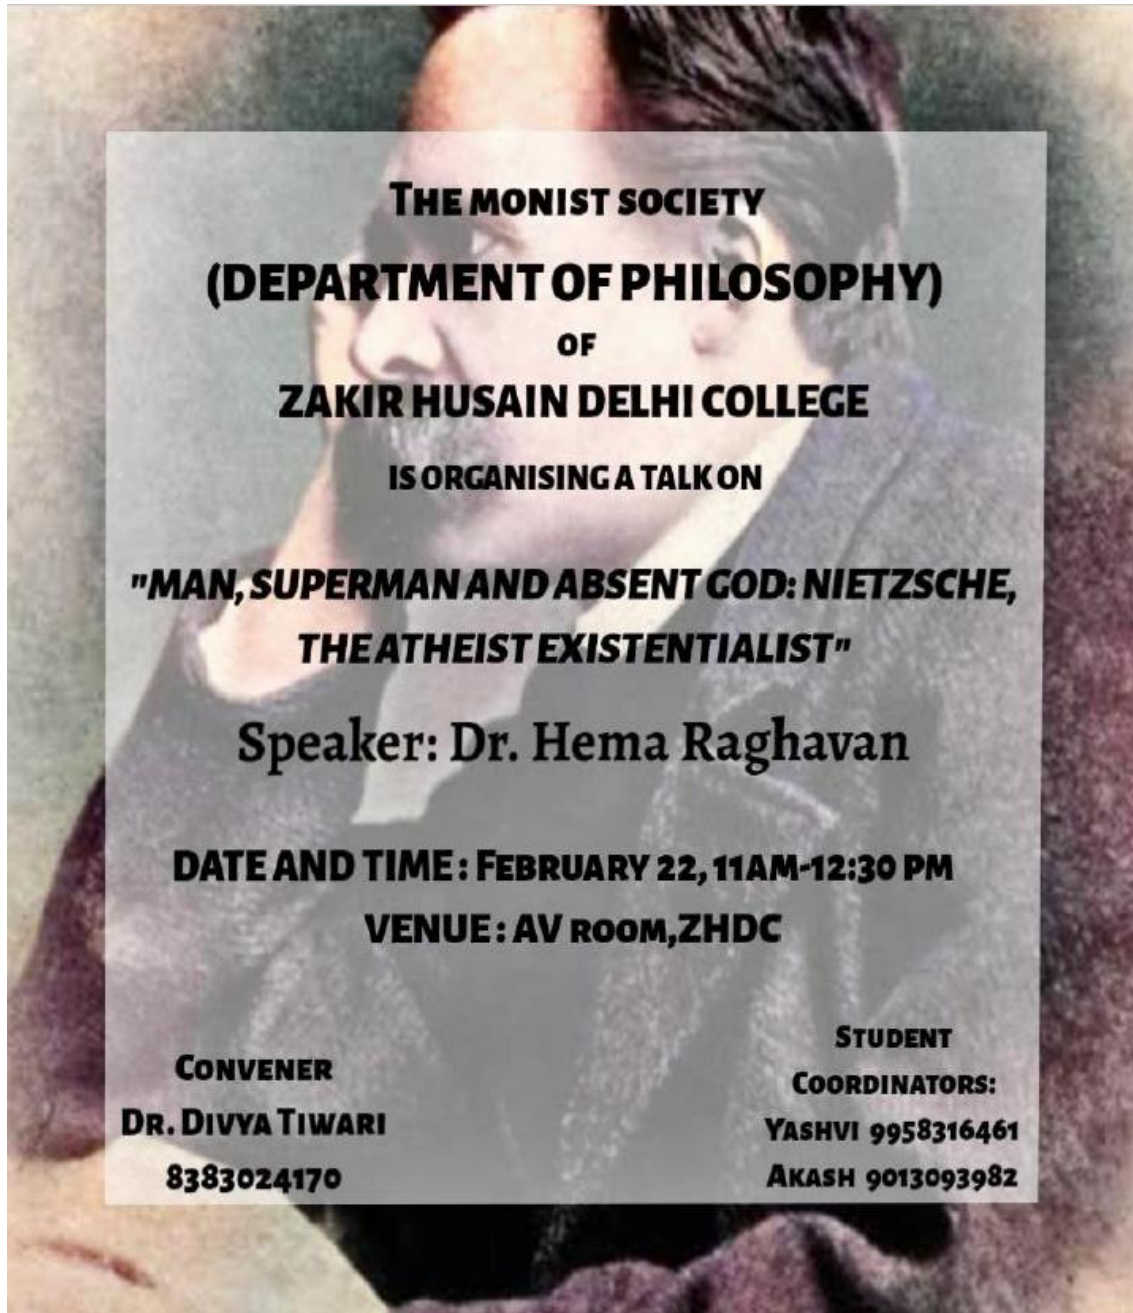

The Monist Society of Zakir Husain Delhi College organized a talk titled "Man, Superman and Absent God: Nietzsche, the Atheist Existentialist" on February 22, 2020. The event took place in the college's AV Room from 11 AM to 12:30 PM.

Dr. Hema Raghavan delivered the talk, providing an in-depth exploration of the philosophy of Friedrich Nietzsche, a prominent 19th-century German philosopher. Renowned for his critiques of religion and morality, Nietzsche's ideas have significantly influenced various intellectual domains.

The talk delved into Nietzsche's declaration of "God is dead" and his subsequent analysis of the irrelevance of traditional morality in contemporary society. The concept of the Übermensch, or Superman, a symbol of human potential, was another focal point of the presentation.

Seminar on “Artificial Intelligence for Cyber Security,”

6th February 2020

Department of Mathematics

A seminar was organized on “Artificial Intelligence for Cyber Security,” aimed at educating students and faculty members about the role of AI in securing digital spaces. The event was organized by the Department of Mathematics, Zakir Husain Delhi College, and will take place on February 6, 2020, starting at 10:30 AM in the College Auditorium.

Dr. Girish Mishra, Scientist E from the Defence Research and Development Organization (DRDO), will be the guest speaker. Dr. Mishra is expected to share insights into how artificial intelligence is being used to combat cyber threats in various domains. The discussion will cover topics such as phishing, gadget safety, online scams, and data breaches (referred to as “data bleed”).

The event aims to educate the college community on the critical need for cyber security measures in today’s increasingly digital world, with a special focus on how AI can enhance defenses against cyber-attacks. By addressing key issues like online scams and phishing, the talk is particularly relevant in the current era where data protection and privacy are paramount. It promises to be an informative session for those interested in both AI and cyber security fields.

One-week Faculty Development Programme (FDP) on Revisiting Gandhi Today: Questions of Caste, Class, Gender, Religion and Environment

17th – 23rd September 2019

Zakir Husain Delhi College (University of Delhi)

The brochure announces a one-week Faculty Development Programme (FDP) organized by Zakir Husain Delhi College (University of Delhi), in collaboration with the Mahatma Hansraj Faculty Development Centre (MHRFDC), Hansraj College. Scheduled from September 17-23, 2019, the programme focuses on the theme "Revisiting Gandhi Today: Questions of Caste, Class, Gender, Religion and Environment."

The FDP is organized under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT) scheme, an initiative of the Ministry of Human Resource Development (MHRD), Government of India. The programme seeks to provide in-depth analysis and discussions on the relevance of Mahatma Gandhi's ideas in today's context, particularly concerning caste, class, gender, religion, and environmental issues.

The organizing committee includes Dr. Muzafar Ahmad Beg (Principal), Dr. Dhiraj Kumar Singh, and Dr. Sanjeev Kumar from Zakir Husain Delhi College. From MHRFDC, Hansraj College, the team is led by Dr. Rama (Principal) as Chairperson, with Dr. Jyoti Bhatia, Dr. Lokesh Chandra Mishra, and Mr. Ashutosh Yadav as coordinators.

ABOUT PMMANMTT

The Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching emphasizes the need to change the role and task of a teacher from mere disseminator of information and knowledge to the one who advances frontiers of existing knowledge by actively developing and creating new insights into diverse social and physical phenomena.

ABOUT ZAKIR HUSAIN DELHI COLLEGE

Zakir Husain Delhi College is one of the leading college of University of Delhi imparting higher education in Science, Commerce, Humanities and Social Sciences. The college holds the distinction of being in existence well before the existence of University of Delhi. It carries within itself a history of nearly 300 years as an institution of learning. The origin of Zakir Husain Delhi College dates back to the founding of a Madarsa by one of emperor Aurangzeb's Deccan commanders, Ghaziuddin Khan in the closing years of the seventeenth-century. In 1825, Delhi College was engrafted onto this institution by the British East India Company's government. The college was affiliated to Delhi University in 1925, and became one of its constituent degree colleges. Following the partition of India, the Delhi College was revived as a non-denominational institution in 1948 and was renamed Zakir Husain College after 1975 and managed by the Zakir Husain Memorial Trust under the Chairmanship of Prime Minister of India.

Today the college runs undergraduate courses in 21 disciplines and offers 17 post graduate courses. The Strong academic structure is complemented by various societies giving platform to students to nurture their talents in dramatics, music, dance, art, fiction and photography. The college is equipped with state-of-the-art laboratories, ICT enabled classrooms, fully automated, air-conditioned and very rich library, centrally air-conditioned auditorium. Beside well maintained lawns and parks, college houses the ecological space for students, herbal, rose and rock garden, which are very well recognized in the Annual Flower Show of the Delhi University. Students are also provided opportunities to explore their caliber and interest in various outdoor and in-door games. By January 2020, a new nine storey building beset with smart classroom, state of the art laboratories, IT infrastructure will be added to the current infrastructure as an expansion facility.

OBJECTIVES OF THE FACULTY DEVELOPMENT PROGRAMME

The year 2018-19 marks Mahatma Gandhi's 150th birth anniversary and preparations are in full swing to commemorate the legacy of Gandhi on a global scale. Gandhi epitomizes the refinement and perfection that a person can attain. Rarely do we have persons who pursued truth in life as Gandhi in philosophy and action. Indeed humanity has gained much from his moral wisdom which was the basis of his action. His vision of truth and Non-violence, enduring commitment to social justice, normative economic, religious pluralism, and relentless striving for harmony between nature and human being have become extraordinarily important in the context of today. It is important to revisit some of the aforementioned ideas to understand him and his world view in the context of challenges that confront us.

Gandhi has made significant contribution; but has largely been misunderstood by both his supporters; and opponents in India and outside. With this objective to deliberate upon Gandhi's legacy of Inclusiveness that underlines Gandhi's philosophy a Faculty Development Programme has been scheduled to be organized by Zakir Husain Delhi College in the month of September, 2019.

Webinar on “Shift in Paradigm: Online Education

9th-11th June 2020

In collaboration with Mahatma Hansraj FDP centre and Zakir Husain Delhi College

The three day webinar on “Shift in Paradigm: Online Education” jointly organized by Zakir Husain Delhi College and Hansraj College University of Delhi under the aegis of Pandit Madan Mohan Malviya National Mission on Teachers Training an initiative of MHRD, Government of India was commenced through Google Meet Platform on June 09, 2020.

While Covid-19 creating havoc across the globe, the current pandemic has also led to the advent of a new era in education. This challenge has created a window to advent the advance mode of teaching and learning. In order to maintain continuity of teaching and learning during the time the Universities are closed due to lockdown, the academics has made an almost complete shift to virtual learning. Though temporary, this shift will surely lead to evolution of our education system resulting in an amalgamation of offline and online mode of teaching.

This three-day webinar was designed to deliberate upon to provide faculty members with a platform to exchange their teaching and learning experiences during this phase of country wide lockdown. The sharing of ideas, online tools and aids will help to broaden the perspective of teachers and improve their online teaching skills making them well equipped to handle the changing tides in the future.

Prof. G.S. Tuteja, Convener, Webinar formally welcomed Shri Amit Khare, Secretary, MHRD, Govt. of India, Dr. Rama, Principal, Hansraj College, Dr. M.A. Beg, Principal, Zakir Husain Delhi College, and all the participants who have joined the webinar from all over the nation. Prof. G.S. Tuteja apprised the participants and chief guests about theme and vision for the webinar. Dr. Rama apprised participants about vision of PMMMNMT. She stressed upon in turning Covid-induced challenges into an opportunity to develop digitally. She mentioned that due to the prevailing health emergency, every house is now a school/ college.

The second part of the session was enlightened by Dr. Sanjeev Singh, Delhi University Computer Centre on the topic “Future of Learning and Learning of Future”. He discussed the various aspects of managing academics in digital age, fourth industrial revolution, and future

of education in digital age, virtual learning environment, automating the assessment system, digital and web governance in higher education.

Session 3rd was taken by Prof. Ashok Mittal, Vice Chancellor, Agra University. Prof. Ashok Mittal, enlightened the participants about the future of Online learning and its ground reality. He mentioned that there is no substitute for class room teaching, need of well-equipped infrastructure for IT teaching. There must be the teacher's training for e-learning.

The first session of the day 2 of Webinar "Shift in Paradigm: Online Education" was started with the formal welcoming of the speaker Dr. Jaswinder Singh Principal of Sri Guru Tegh Bahadur Khalsa College, University of Delhi by Dr. Masroor Ahmad Beg, Principal Zakir Husain Delhi College. Over 122 people took part in the first session in our webinar on 10 June 2020. The talk was on the Digital Education in the higher education and its challenges. Dr. Singh has started with the broad picture of higher education in our country including the gross enrolment of the students, the budget allocation for the higher education. He also pointed out that the 45% of the students enrolled private colleges so their roll is also very important in improving the standard of higher education in our country. Dr. Singh then discussed about the importance of digital learning in the higher education. The challenges faced during the preparations of online content in Sri Guru Tegh Bahadur Khalsa College, E- learning center.

The second lecture of the first session was delivered by Prof. Rajeev Kumar, Vice-Chairman NITI Ayog. The esteemed guest was formally welcomed by Dr. Masroor Ahmad Beg, Principal Zakir Husain Delhi College. The talk was an eye opener for all the participants. Prof. Rajeev Kumar focused on the how the pandemic COVID 19 will change the urbanization of India, Digitalization of higher education, Need of Infra-structure development in the schools of rural India and provide proper nourishment for the children and parents. Prof. Kumar pointed out that the pandemic will teach the importance of keeping our common place clean and hygiene. He addressed the need of the improvement in medical facilities in India. Like the construction Health and Wellness care centers under the Ayushman Bharat Yojana Scheme.

The second session of the day 2 include a formal welcome of distinguished speaker Prof. A. K. Bakshi, Vice Chancellor, PDM University Haryana by Dr. Masroor Ahmad Beg, Principal Zakir Husain Delhi College. Prof. Bakshi had delivered an amazing lecture on the topic "ICT-enabled Higher Education in India: Challenges and Opportunities. The lecture was wide and comprehensive. He had started with the current education scenario in India and addressed the improvement of the quality of access and education imparted in our country. He talked about

the importance of equal and quality education. He discussed the Information and Communication Technology (ICT), the role of ICT in teaching and learning. He pointed out that MOOCs is a game changer, but the biggest challenge is the quality of the MOOCs.

The third session of 2 day was Panel Discussion, Dr. Beg, welcomed and introduced the panelist. Prof. M.A. Naqvi, (Director General, Apollo Institute of Management) was the moderator of the panel discussion. Other panelist was Prof. Hena Zaheer (Department of Management Studies, Kalinga University), Dr. O.P. Shukla (Principal NDA) and Mr. Abhishek Pandey (Secretary, Central India Regional Council, ICAI).

The discussion began with Dr. M.A. Naqvi giving a brief overview of the webinar “Shift in Paradigm: Online Education”. He then mentioned that the online education only can be a supplement to offline education and not a replacement for offline education.

The Following are the few points that were raised by the Dr. Naqvi

- How we are going to assess the students?
- Will online teaching will be compulsory rather than complimentary?
- What about the extracurricular activities and campus activities?

Morning session of Day 3 was started with the warm welcome and introduction of Dr. P.R. Mishra, Scientist E, DRDO. Dr. Mishra through his talk on “Security Issues In Online Education with a Case Study of Zoom, deliberated on the pros and cons of digital world with respect to real world challenges. He stressed upon the importance of understanding and judging through facial gestures and body language of real world as compared to virtual interactions.

The second part of the session was comprised of elaborate, interactive and informative lecture on “e-content and Online Resources” by Dr. Vimal Rath, Project Head and Joint Director, Guru Angad Dev-Teaching Learning Centre (GAD-TLC), MHRD at SGTB Khalsa College, University of Delhi. She deliberated upon various ideas of creating and delivering the e-content to impart the knowledge *enmasse*. The information share was of great importance and knowledge. Dr. M.A. Beg, Principal, ZHDC thanked Dr. Rath for sparing her valuable time and knowledge.

The afternoon session of day 3 was on “Impact of COVID-19 on Academics”. The session started with the introduction and welcome of Prof. Abdul Hannan, Vice-Chancellor, Primeasia University, Dhaka, Bangladesh by Dr. M.A. Beg, Principal, ZHDC. Prof. Hannan talked about

measures taken by his university in academics to tackle the situation of imparting knowledge and running academics in the current prevailing health emergency, the pandemic condition. He supported the idea of developing the required similar infrastructure for online teaching both in urban as well as rural areas.

In the validictory session Dr. Rama Sharma, Principal, Hansraj College, University of Delhi, formally welcomed and apprised Dr. Rajneesh Jain, Secretary, UGC, Government of India about the idea of organizing this three day webinar “Shift in Paradigm: Online Education” and the activities of Hansraj College FDP-centre, PMMMNMTT. Thereafter, Principal, ZHDC introduced Shri Rajneesh Jain and invited him to share his word of wisdom. Shri Rajneesh Jain discussed the effect of current pandemic situation on education, UGCs preparedness and contribution of digital means in online education. He mentioned that India has already started online mode of teaching, however, COVID-19 provided a challenge and an opportunity to develop newer methods to develop efficient mode of online education. He put forward the point of blended teaching-learning, innovations, and preparing a force of entrepreneurs, startups, incubation center and developing knowledge base and job opportunities. He mentioned the idea of government of India in bringing about major shift in higher education. Now, there is a need of accepting mind-set for online teaching as there will be no-shortcomings at the infrastructure level. In addition to students, teachers must be trained for the online teaching. There should be online content development which is accessible to all on the web. In addition, he shared the steps taken by UGC in lending support to scholars through scholarships/fellowships by online paper processing and disbursement. The idea of “*Jagat Guru Bharat*” and “*Atma Nirbhar Bharat*” would be achieved through this Major Shift.

Conference on Water Sustainability Conservation, Policy, Ethics and Science

21st -22st January 2020

Department of Environmental studies &

NES Society, Botany Department

In past several years India has experienced several environmental disasters and water scarcity problems. Recent water crisis in cities like Chennai, Bengaluru, Mumbai and Shimla highlights seriousness of the problems. These issues have given rise to conflicts among multiple stake holders at various levels. Global community agrees that such problems can be controlled and conditions can be improved if we efficiently implement Sustainable Developmental Goals number 6,9,11 and 12. These goals target clean water and sanitation; industry, innovation and infrastructure; sustainable cities and communities; responsible consumption and production respectively. Achieving these targets will require support from all stakeholders including government to participation of people and especially the young students whose future is at stake due to environmental issues. Support of policy makers, academia, financial and global institution will play a crucial role in reducing above stated problems. These institutions can help by creating awareness among the public and enhancing capacity building. With this objective in mind need was felt to organize the conference to educate and deliberate in presence of students together with various stakeholders. The conference was well attended by all sections of society and deliberations were indeed fruitful. There was tremendous participation of students from undergraduate as well as post graduate students. A lot of research scholars also put up posters and oral presentations where they showed their efforts how they are contributing to the society and the environment through their scientific findings. The conference provided an opportunity to researchers to discuss the problems being faced in conducting research in t

water. Solutions were offered by scientists and delegates from Jal board. Even the scientific community was enlightened by the ground reality of the environmental degradations by the activists who fought the real battle. The invited speakers were the real-life fighters to conserve the environment, be it river or forest they faced the challenges posed by the government and the society to preserve the pristine conditions of the nature. Dr. Rajendra Singh's success fight to rejuvenate the dead rivers of Rajasthan and uninterrupted flow of river Ganga motivated the students, researchers and teachers of the Zakir Hussain College. He explained how dam formation and major river projects altered the sediment flow of the Ganga River system which reduced the sediment flow necessary for nutrient dynamics and recharge of ground water. Maiti movement of Mr. Kalyan Singh Rawat has educated the Uttarakhand people and sparked the sense of social responsibility to keep the forest alive. Dr. Faiyaz Ahmad Khudsar's work to restore the ecosystem of Yamuna Biodiversity Park and Mr. Manoj Kumar Misra's efforts to keep Yamuna River clean were inspiring and motivating for students as well as faculties of colleges. Dr Sushmita Baskar threw light on educating people through education and resource material so that Education will result in the application of new technology: using low flush toilets, lowflow showerheads, push and sensor taps, faucet aerators and using of laundry programs requiring less water. Education can induce a change in behaviours like reducing irrigation of lawns, irrigation during late evenings when the evaporation rates are lower or use recycled water for car washing, watering lawns and installing rainwater harvesting systems. Professor Dinesh Mohan's talk on water treatment strategies were interesting and compelled delegates to start thinking on the lines of water conservation and recycling water by various treatment methods in order to use it for several non-drinking purposes. Professor Dinabandhu Sahoo's valedictory talk introduced the delegates about water resources on earth beyond rivers, ponds and wetlands. He took the delegates through a journey to Antarctica where a biology research 1

established where organisms found at such ultra-low temperature are studied. He also talked about moving research lab in water bodies of Manipur. His talk was immensely enjoyed. Efforts of these environmental activists were eye opener for our students and they took pledge to reduce wastage of resources and live a sustainable life style. Legal aspects were well addressed by the invited speakers which empowered everyone with their fundamental rights of pure air and drinking water and duties to keep the environment clean. It was a great learning experience for all walks of life who attended the conference in huge numbers and it was a mass awareness program too, to protect and preserve our mother nature by practicing conventional as well as advanced scientific findings. Feedback from the participants suggested that the theme areas were very pertinent and the speakers covered by and large all areas from sustainability, pollution, conservation, ethics, solutions, policy and legal aspects related with water. Delegates also felt educated about their role in conservation of this priceless natural resource and realized their responsibility to spread awareness in this regard. Thus, the conference met all objectives for which it was organized.

NATIONAL CONFERENCE ON

WATER SUSTAINABILITY : CONSERVATION, POLICY, ETHICS AND SCIENCE

Department Of Environmental Studies
&
Nature And Environment Society- South
Zakir Husain Delhi College (University Of Delhi)

21-22
JANUARY 2020

ABSTRACT SUBMISSION BEGINS
16th DECEMBER 2019
ABSTRACT SUBMISSION ENDS
21st DECEMBER 2019

Multiple initiatives have been taken up by government, civil societies and industries to overcome problem of water scarcity. National Water Mission (NWM) has been initiated under the aegis of National Action Plan on Climate Change (NAPCC) to conserve, minimise wastage and ensure equitable distribution of water. National Water Mission will work on the principle of sustainability. Mission is intended to achieve the Goal 6, Sanitation and Clean Water, of Sustainable Development Goals (SDG). National Water Mission envisions the participation of policy makers, industry, civil societies and academia to achieve the goals of the mission. SDG suggests that water conservation will depend on capacity building, integration of technology, and adoption of sustainable and responsible consumption of water at institutional and individual level.

EMMENT SPEAKERS

Dr. Rajendra Singh
Executive Director, NWM

Mr. Kalyan Singh Rawat
Member, NWM

Dr. Anil Joshi
Member, NWM

Dr. Manoj Misra
Member, NWM

INVITED SPEAKERS

Prof. Dinabandhu Sahoo
Member, NWM

Dr. Kapil Kumar Nanda
Member, NWM

Prof. R.B Singh
Member, NWM

Dr. Ram Singh
Member, NWM

Dr. Faiyaz A Khedkar
Member, NWM

Dr. Sachintha Bhaskar
Member, NWM

Prof. Dinesh Mohan
Member, NWM

Dr. Pawan Kumar
Member, NWM

THEMES

- > Urban Water Sustainability
- > Wetland and Water Security
- > Water Conservation Policy
- > Ethics and Water Conservation
- > Biodiversity and Water
- > Water Sustainability in Agriculture
- > Water Sustainability in Changing Climate
- > Big Data in Water Conservation Policy
- > Artificial Intelligence and Water Management
- > Water Pollution and Wastewater Treatment
- > Biological Remediation in Water Bodies

GUIDELINES

Registration

Participants are requested to send their details including name, designation, and affiliation to the email address mentioned below along with the registration form.

www.watermissionindia@gmail.com

Fees

Faculty/Research Scholars.....Rs 500
UG/PG Students.....Rs 200
Participants can register in the conference by depositing the fee through NEFT/ RTGS

Account Details

SBI
BRANCH NAME- GAZA BRANCH GAZA

Call for Abstract

Papers are invited under the themes given. Abstract must be limited to 200 words. It must have details of all the authors including affiliation and email address. Selected abstracts will be called for full paper submission after the conference.

Organising Committee

Patron: Dr. Hussain Ahmad Bhop
Convener: Dr. Rajendra K. Joshi
Secretary: Dr. Dinesh Mohan
Coordinator: Dr. Lakshmi Mehta
Co-convener: Mr. Rajesh Chandra
